Rotary Firsts and Facts

At the first Rotary Convention in 1910, keynote speaker Daniel Cady of the Rotary Club of New York told the audience that Rotary, then with 16 clubs, would have 1,000 clubs around the world within 80 years. When would Rotary add its 1,000th club? The 1,000th Rotary Club was added in 1921, only 11 years after Cady's speech.

Rotary projects around the globe

June 2024

United States

Thanks to the foresight of the Rotary Club of Bucyrus, Ohio, students were outfitted with 6,600 pairs of glasses for the April 8th total solar eclipse. In late 2022, with the eclipse still nearly two years away, “we talked about how neat it would be to get solar eclipse glasses for every school in our county for their students for the big event,” says Julie Rexroad, a club member, Interact club adviser, and science teacher at Wynford Local Schools. Once the club approved the \$4,300 purchase, members designed, ordered, stored, and eventually delivered the glasses, purchased online from a company recommended by a local astronomy club. “Our location in Ohio is in the totality zone, and it is a once-in-a-lifetime event for most,” Rexroad says. For those missing out, northern Ohio can always look forward to 2099.

Canada

Atop self-crafted engineering marvels of corrugated paper and tape, about 80 cardboard toboggan enthusiasts sledged during a timed contest of the Rotaract Club of North Simcoe, Ontario, in February. The challenge is held in conjunction with Penetanguishene’s Winterama, a 76-year-old staple in the town, and is open to competitors at no cost, attracting as many as 160 each year. “We’ve seen so many amazing sleds, and each year they get even better,” Club President Elana Durtnall says. The club awards prizes for categories such as most creative, most team spirit, and fastest sled, with the speediest clocked at about 28 kilometers per hour (17 mph) by the radar of auxiliary officers of the Ontario Provincial Police. Club members handle tasks such as registration, social media promotion, sponsorship acquisition, and assistance with building a Rotaract cardboard toboggan used to promote the event in the parade the previous day.

England

Rotary clubs in District 1200 hold a full menu of skills tests in disciplines including writing, speaking, music, technology, and more, but the Young Chef event is among the most popular. At a district-level qualifier directed by connoisseurs of the Rotary Club of Burnham-on-Sea in February, seven high school students whipped up three-course menus in two hours. The victorious victuals included venison steaks accompanied by fondant sweet potato, pea puree with juniper berry red wine sauce, and strawberry mille-feuille, a puff pastry dessert. The winning chef and a runner-up advanced to the regional final in Cardiff, Wales, in March. “We find it a rewarding competition for us as well as the contestants,” says Jane Gibbs, a Burnham-on-Sea club member who has organized Young Chef assemblies for more than a dozen years. **More at Rotary.org**
