

The

WAVE

Rotary Club of Edmonds

March, 2025

A note from your editor:

Recently, while on a Princess Cruise with a couple of friends, one of them noticed a Rotary pin on this gentleman, Stan

from Syracuse. So naturally Suzanne and I had to go over to meet him - and we so enjoyed sharing stories about the great work our respective clubs do. This is a great reminder to wear your Rotary

pin when you're out in the world. You never know who you'll meet!

Enjoy your Wave -
Maggie

Member Pride

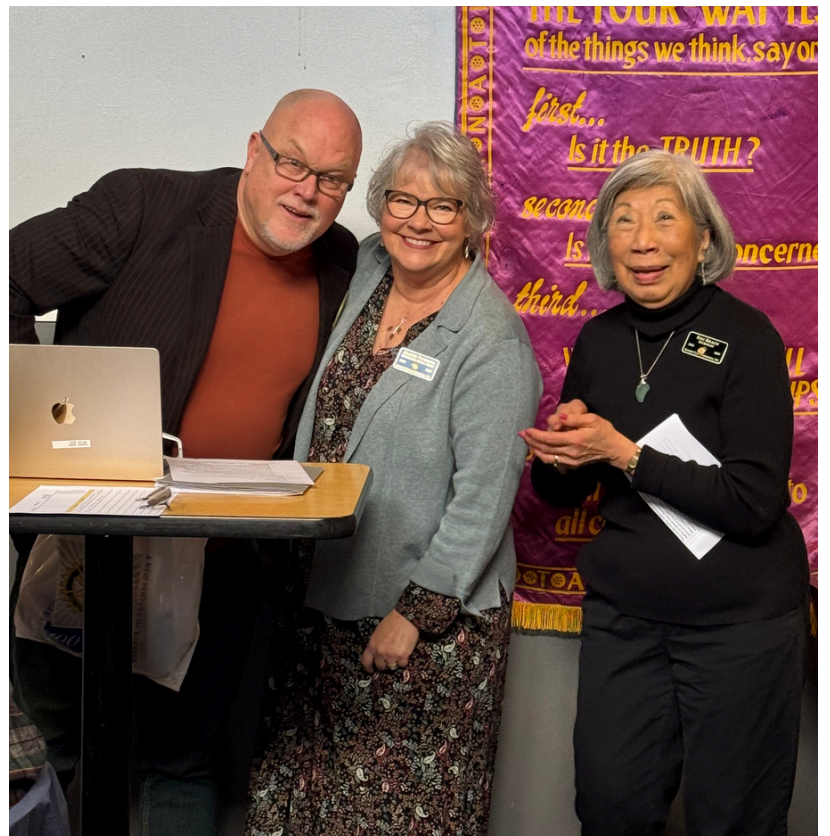

Dr. Lynn Jones receives her Red Badge. Welcome to the club Lynn!

With mentor Nancy Hertl and Membership Chair Maggie Peterson

Ken Grant gets his red badge, with mentor Eng and Maggie.

Welcome Ken!

Lamin Manneh and his family had an amazing wildlife encounter on a recent visit to the Fathala Nature Reserve in Senegal.

Did you know that Lamin's family owns a very large orange grove in the Gambia? Any trip there with club members results in as many delicious oranges as they can eat.

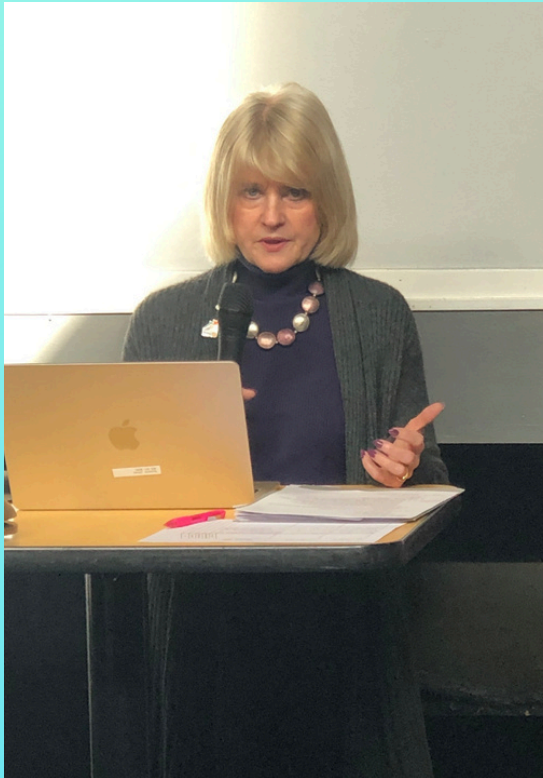

February **SPEAKERS**

February 4, 2025

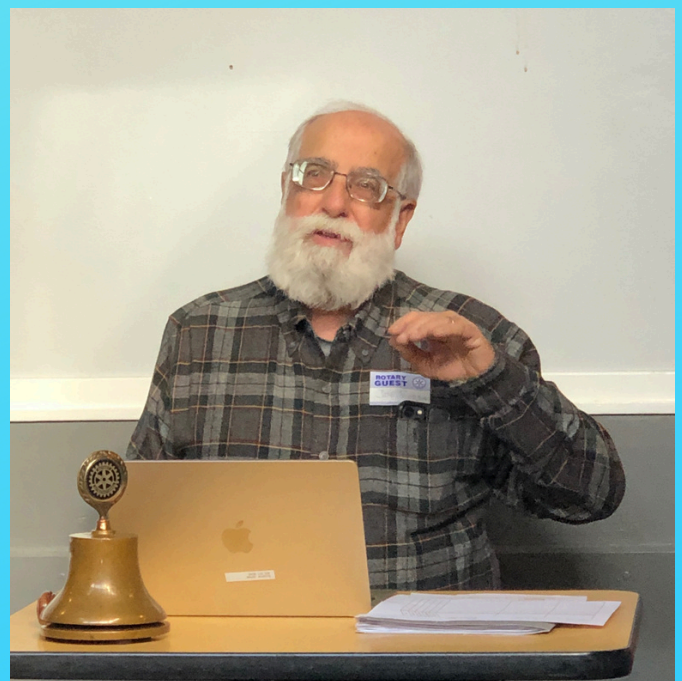

Colleen Turner
Development Director
Harvest Against Hunger

Colleen shared with club the important work that HAH does and their vital partnership with Rotary in Washington State.

Joe Scordino

Joe shared the tremendous work of the Edmonds Marsh Restoration Project.
