Jennifer Juanitas for OLLI.

Speaker:

Today's speaker is **Jennifer Juanitas** from **OLLI** from the **University of the Pacific**. **OLLI** stands for **Osher Lifelong Learning Institute**. Jennifer Juanitas is Program Director and Martha Robles is Program & Operations Coordinator. The Bernard and Barbara Osher Foundation started 1977 in San Francisco. They are patrons of higher

education, the arts & integrative health.

What is lifelong learning? It's the promotion of learning and educational opportunities for adults. It's non-vocational. No degrees or certificates. May also be known as liberal adult education. It was first developed in the 60's in New York.

The importance of Lifelong Learning? It's estimated that by 2030, 20% of the population will be 65 and older. People who attend OLLI classes feel better about themselves. "If you don't use it, you lose it"! A study found that lifelong learners were less likely to visit the doctor and take medications. Actual perceived isolation and loneliness has been associated with an increased risk of early mortality and obesity.

Olli facts: there are 124 OLLI's across the country. They are in every State. OLLI makes up 1/4th of formal older adult programs. The average age of members is 72. More than half are between 65-72. OLLI's membership was 607 pre pandemic.

OLLI's mission is to build and maintain a wide range of high quality educational programs and experiences designed for adults 50 or older, fostering intellectual explorations and sense of community. OLLI at Pacific will be a vital, diverse community of active learners supported by strong volunteer participation.

Each year OLLI provides intellectually stimulating non-credit classes & lectures, interest groups, local tours, international trips and special events.

This semester 13 In person lectures and presentations. Also 21 Zoom lectures included with your membership.

Jennifer then had testimonials from Board members Pat Crader and Sally Berry. From International trips to local tours of businesses and sights. Enrollment is open now. Here's the link to sign up or learn more about OLLI: [Osher Lifelong Learning Institute | University of the Pacific](#) .

President Bill, a member of OLLI as well as others thanked Jennifer for coming and rang the bell at 1:15pm.
