Don't Miss Next Week's Program

Join us October 8 to hear from Aaron Gaynor! Aaron is the founder and CEO of Eco Plumbers, Electricians, and HVAC Technicians, a \$75 million and growing home service business serving central and southwest Ohio. A master plumber, Aaron started the business that would become Eco in 2007, after losing everything when his first construction plumbing business failed as a result of the housing market crash of 2007.
