## PROGRAM

District 6690 Membership Chair **Barb Quackenbush** shared a presentation about making our club irresistible through recruitment, retention and relationships.

She started with a quote from Rotary International President Stephanie Urchick: "We need to make our club experiences simply irresistible. We want people to feel that there's value in getting involved in Rotary to create changes in themselves, in their communities, and in the world."

**Barb** then asked each table to discuss why people enjoy being part of our club. Members highlighted things like the music, our long history of community projects, a sense of belonging, fun and fellowship, networking, leadership opportunities, and opportunities to get involved in the community and learn from other club members who are ingrained in the community.

She then shared a quote from Joe Danzie: "Your smile is your logo, your personality is your business card, and how you leave others feeling after having an experience with you becomes your trademark." Barb asked everyone to consider how this quote coincides with how we recruit and retain new and current members.

**Barb** then encouraged everyone to think about their Rotary "WHY." She asked everyone to pick one photo on their phone and talk to the rest of their table about why they chose that photo. She then reminded everyone that when talking about our Rotary Club, we should be talking with the same passion, excitement and love that we use to describe our favorite photo on our phone.

She ended by reminding us that we need to "be brilliant in the basics" (a saying from Kevin DeShazo). She encouraged us to reflect on our next steps with membership and hone our 30-second elevator pitch about the Newark Rotary Club.
