Guest Speaker/Program

Paul Dainer introduced our guest speaker **Dr. John Henson**, Hereditary Cancers.

Dr. Henson practices neuro-oncology in the MCG Brain Tumor Program and manages patients with neurofibromatosis, tuberous sclerosis, con Hippel-Lindau and related genetic disorders in the MCG Neurofibromatosis Clinic. Dr. Henson founded and is the Director of the Hereditary Cancer Clinic at the Georgia Cancer Clinic.

Paul and Dr. Henson hosted a question-and-answer session concerning hereditary cancers. They discussed spontaneous versus hereditary cancer. They discussed how to identify and manage the risk of hereditary cancer. They discussed different genes that are predictors of cancer. Direct to consumer genetic testing is now available and tests for 88 know genes.

Bill Keoh led us in reciting the four-way test and then adjourned the meeting.
