# DECEMBER IS

## DISEASE PREVENTION & TREATMENT MONTH

Combat diseases, promote healthcare access, and support medical research initiatives.

Rotary   
Club of Fort Lauderdale

**We believe good health care is everyone's right. Yet 400 million people in the world can't afford or don't have access to basic health care.**

Disease results in misery, pain, and poverty for millions of people worldwide. That's why treating and preventing disease is so important to us. We lead efforts both large and small. We set up temporary clinics, blood donation centers, and training facilities in underserved communities struggling with outbreaks and health care access. We design and build infrastructure that allows doctors, patients, and governments to work together.

Our members combat diseases like malaria, HIV/AIDS, Alzheimer's, multiple sclerosis, diabetes, and polio. Prevention is important, which is why we also focus on health education and bringing people routine hearing, vision, and dental care.
