Address: Calle La Joya 8245 Colonia Lomas de Agua Caliente

District and Club number: District 4100 Club 6900

2) PROJECT NAME
"Technology at your fingertips"

3) OBJECTIVE OF THE PROJECT
The main purpose of this Project in the provision of computer equipment for a Junior High School at Tijuana City. It will allow students to develop the digital skills through computing classes; research paperwork's and achieves better results in their studies. That will result in a better graduation profile of Junior High School and allow them a better future.

4) PROJECT DESCRIPTION, SHORT AND LONG TERM
The first step is to know the computer equipment provision school's need. In each case a visit is required to make a diagnostic of school's facility and a writing formal commitment with Principal, School's board and School Social Participation Council. They prepare the classroom in the following items:

PROJECT
100 YEARS, 100 ACTIONS FOR MEXICO

- ✓ Strengthening classroom security (door locks, window and door security bars).
- ✓ Air condition installation.
- ✓ Proper furniture placement.
- ✓ Sufficient electrical installation to support 40 computer equipment, laser printer and air condition equipment.
- ✓ The classroom will be exclusive use for computer class.
- ✓ Commitment for the maintenance and proper use of computer equipment.
- ✓ Creation of a responsible committee for maintenance, fix and replacement of equipment when need it.

5) EXPLANATION OF THE SUSTAINABILITY OF THE PROJECT.

The average lifetime of computer equipment is three years. However over time will be deterioration by use. The school Managers is commitment to provide maintenance, fix and replacement of equipment damaged by daily use. They will also have to take necessary measures to replace the equipment every three years approximately. A Committee will be create at the school administration to keep founds to do the task to maintain the computer equipment working. A self-assessment format will be send to Principal for awareness the state of their facility at the same time the Club will performance visits to verify the conditions of equipment. Our Club promise to get the equipment that will need to replace for a under market price; connecting directly with suppliers.

6) DIRECT AND INDIRECT BENEFICIARIES EXPLAINING THEIR VULNERABLE SITUATION ATTACH IMAGES.

The direct beneficiaries will be students at a Junior High School:

Technical Junior High School 42, located at Panamericano division at Tijuana City. It benefit directly to 720 students by school year. This is a community with low income; the students are children of Maquiladora workers, employees and merchants.

The School lacks of computer equipment, it puts in educational disadvantage to his students. The use of computer equipment allows a better intellectual development of students.
