2) NAME OF THE PROJECT: Equipment of the Cooking and Confectionery Workshop of the Multiple Service Center No. 68 in Xalapa, Veracruz

3) OBJECTIVES OF THE PROJECT: Provide to Young Students who present Multiple Disabilities and who attend the CAM Multiple Assistance Center No. 68, the necessary equipment in their training for employment and thus improve their educational conditions and through the preparation of food and pastries, obtain an income for your livelihood.

4) DESCRIPTION OF THE PROJECT:

Short Term: The Center is attended by 80 students with multiple disabilities such as intellectual, auditory, visual, motor, multiple disability, Autism Spectrum Disorder and Attention Deficit Disorder and Down Syndrome, these students are cared for in a special way at the levels of Preschool, Primary, Secondary Education and Work Training. The families are of low economic resources and although the center is incorporated into the Education System of the State of Veracruz, the conditions of the property and infrastructure are poor.

Particularly noteworthy are the Kitchen facilities and the workshop area where young people who receive Baking and Cooking classes are trained (only workshop) which lack adequate equipment and the learning process is otherwise poor and insufficient.

In the Long Term: By directly providing the equipment requested in this Project, teaching and learning will be substantially improved and they can also prepare food for sale, which will result in an economic benefit for the student and his family.

5) EXPLANATION OF THE PROJECT'S SUSTAINABILITY:

The Club received through the Presidency a request for help from the Director of the CAM, as well as by the Parents and after two visits to the center and meetings to see the feasibility of the project, as well as the Commitment of the In order to carry out the necessary installation and adaptations to physical spaces, it is determined that the Project is viable and has sustainability since it is aimed at a population highly vulnerable due to its physical, genetic and marginalization conditions, as well as in its stratum Social and economic.

6) DIRECT AND INDIRECT BENEFICIARIES: 80 students and their families.
