

GLOBAL GRANT 2465062

Strengthening primary education with new technologies

Xalostoc D4170 – Mexico Host Club
Carmel IN D6560- International Sponsor Club
August 6, 2024

Elaboró: Comité de la Fundación Rotaria del Distrito 4170
District Governor Martín Ortiz Granillo
Período: 2023 - 2026
2023 - 2024

Community Needs

- a) In the State of Mexico, no primary school has teaching in computing and new technologies
- b) The technological development generated by the Internet has created a generation of children who are constantly facing challenges
- c) It is important to improve the teaching-learning process in students through new technologies.
- d) The application of a technological tool is predominant in education and in any educational system in the world

- a) Train teachers in the use of new technologies to reinforce the teaching of primary school children using educational software
- b) Teach the use of new technologies to 1,350 students (each school has 450 students) between 6 and 12 years old. Where students can interact and learn from various platforms and personalize knowledge
- c) Equipping three schools with a computer laboratory, interactive whiteboards and furniture to 3 schools in the municipality of Tecamac in the State of Mexico
- d) Each school will allocate a room exclusively to have, use with adequate ventilation and safely protect the equipment.

Sustainability

- a) Agreements will be signed with the school directors to verify the care and proper use of teaching equipment.
- b) The society of parents will be involved to preserve the good condition of everything acquired.
- c) Agreements will be made with schools that teach courses related to computing to train primary school teachers.
- d) Rotary clubs, parents and civil society will be able to support the maintenance and updating of the equipment.
