Tips For Life

Recently a good friend of mine passed after a long battle with head and brain cancer following years of surgical, chemo and radiation therapy. Her suffering with incredible pain and multiple procedures would have broken most people's spirit, but communication from her was always positive, inspirational and humorous no matter what stage of health or illness she was currently experiencing. Listed below are some of her tips for life, some not original, and some you may have read before, but they are good to read periodically to remind ourselves how fortunate we are to live in this community and be part of the Rotary Club of Forest Grove that has such a powerful impact to people here and around the world.

Life isn't fair, but it's still good.

Don't take yourself seriously. No one else does.

No one is in charge of your happiness except you.

What other people think of you is none of your business.

However good or bad a situation is, it will change.

Envy is a waste of time. You already have all you need.

You don't have to win every argument. Agree to disagree.

Don't compare your life to others'. You have no idea what their journey is all about.

Smile and laugh more often, it will keep the negative blues away.

Live with the 3 E's--Energy, Enthusiasm and Empathy.

Try to make at least three people smile each day.

Do the right thing.

Call your family often. (Or Email them to death!!!!)

Remember you are too blessed to be stressed.

Remember God heals everything.

Take a 10-30 minute walk every day. and while you walk, smile. It is the ultimate antidepressant.

THE BEST IS YET TO COME.

May your troubles be less, May your blessings be more, May nothing but happiness come through your door.

Live today to the fullest, because tomorrow is not promised!!!
