RCGV "Student of the Month" – Jillian Kinsella – Silverado College Preparatory & Career/ Technical High School

Past President Mike Peterson introduced our special guest, Jillian Kinsella, the RCGV "Student of the Month". This remarkable student is presently ranked number 21 in her class of 507 students. Faculty,

counselors, and coaches lauded Jillian with such comments as “It is obvious that she is one of those individuals that has the potential to change the world on a large scale”. “Jillian is an outstanding student, athlete and active community service volunteer. She exemplifies the best in terms of her commitment to others, and excellence in all phases of her academic experience.” As a Student Body Leader, her record is one of positive accomplishment. She was also selected as an art show winner in the ceramics division at Silverado HS. Jillian’s volunteer activities have included service with “Empty Bowls” and “Candle Lighters for Kids with Cancer”. She plans to attend Northern Arizona University and major in Social Work and Psychology. She aspires to work in the field of international adoptions. Our Program – RYLA 2016 – Christine Smith

Christine Smith presented a heartwarming and informative presentation on the recent RYLA experience for over 300 high school juniors within District 5300 that was held at the Thousand Pines Camp in Crestline, CA. She welcomed the RCGV sponsored students and their parents and expressed our gratitude for their participation. Our club supported 8 students from area schools at RYLA.

After watching video highlights from this year’s RYLA, Christine provided a wonderful talk to the students and their parents about RYLA and its significance in terms of youth leadership and development. Students provided an overview of their RYLA experiences. Without question, RYLA was an overwhelming success in terms of their remarks. We now have a new term for RYLA students – RYLAtarians!

Trivia Moment and Happy Dollars – PP Mike Peterson

District's Second Rotary Global Scholarship Winner Scheduled to Study at UK's Cambridge University

Rotary International has just approved Gaelen Stanford-Moore for a Global Grant Scholarship. She graduated from South Pasadena High School in 2008, and from the University of California Berkeley in 2012. She majored in Molecular and Cell Biology, with a minor in Global Poverty and Practice, focused on healthcare delivery in third-world countries. She graduated Summa Cum Laude.

Stanford-Moore has completed her third year of medical school at the University of California, San Francisco, and will take one year off from medical school to pursue a Masters in Public Health, before returning to UCSF to complete her medical degree and start residency training in the field of women's health as an obstetrician gynecologist. She plans a career as a physician dedicated to global health research and medical care for the underserved. Her scholarship is worth more than \$60,000.

Her area of focus, limited by Rotary to be one or more of six, is Disease Prevention and Treatment. During the summer of 2014, she lived in Kisumu, Kenya, coordinating the implementation of her qualitative study, interviewing 50 couples about their views on HIV therapy and prevention. During this year abroad, she plans to collaborate on the study treatment options for Kenyan children with severe febrile illness.

She is the second Global Scholar to be so named in the entire Rotary District 5300 (comprised of 62 Clubs). The Rotary Club of San Marino has had 23 of its candidates accepted by District 5300 and Rotary International under the former Ambassadorial Scholar program.

Ms. Stanford-Moore has host sponsors in the Rotary Club of Sawston, in Cambridge. Stanford-Moore was aided in the application and interview process by local Rotarian Bill Payne, and with the Rotary International online Global Grant Record by Club president Mike Driebe, and Marilyn Diaz, of the Rotary Club of Sierra Madre (the District 5300 Global Grants Scholar chair).

Classes begin October 1, 2016. The program is for a term of one year. Stanford-Moore joins an elite group of Rotary-sponsored Scholars who have matriculated to Italy, Australia, Spain, Hong Kong, Belgium, Scotland, Lebanon, Kazakhstan, Chile and South Africa.
