- Is it the TRUTH?
- Is it FAIR to all concerned?

Rotary Club Green Valley Program July 13, 2017

Speaker: Cyndi Deboer - Author

Program: *Me, Myself & Eye* is the blending and acceptance of ME, the physical body, MYSELF, the emotional mind and EYE, the prosthesis...into a complete and healthy being. This inspirational mini-memoir's *Mission* is to inspire others to find their inner strength through this challenging time of loss. Cynthia educates the public about this somewhat taboo subject in order to generate understanding and compassion. Past district Governor Larry Skaggs took over for Trivia and Happy Dollars. **Dave Chase** earned exemption from fines by knowing about Elvis' first song. **Darcy Dougherty** contributed five happy dollars for her recent tour of California parks with hubby Bob. **John Hoolihan** was pleased that daughter Shannon was at the meeting. **Jay Larson** was delighted to turn over the club treasurer's duty to **Terry Perkins**. **Julie Todd** enjoyed her recent class reunion. **Susan Johnson** thought that her recent visit to the LBJ Library in Austin, was worth a happy dollar. **Dave McGovern** was pleased that wife Diane was recovering from an illness and that he had shed a few pounds. **Dr. Don Havins** took some (very positive) heat for his front page Review Journal story this last week on his medical students changing state law on marijuana impairment standards. **Terry Perkins** liked our contributions to the weekly Polio Pigs and his attendance at the Barbershop Quartet finals here recently. **Christine Smith** is just back from France. She and outgoing Pres Bob also tossed in a few dollars in honor of our new officers and Rotarian of the Year Ted.

Dave Jochman introduced the day's speaker, **Ed Hall**, of the Pearl Harbor Survivors Association. When Ed joined the Association there were 61 members in the Las Vegas area. He is now one of two remaining locally. Ed joined the U.S. Army at age 16 and was assigned to a transport ship that sailed from the East Coast through the Panama Canal to its bucolic assignment at Fort Armstrong at Pearl Harbor in Hawaii.

In the early morning hours of December 7, 1941, now age 18, Ed was preparing to spray paint a barracks mess hall at Hickham Field. He heard a boom, another and then a horrible explosion in hangers 9 and 11. Chunks of asphalt were kicking up around him when he saw a Zero flying toward him firing its guns. The Japanese plane came close enough that he could see the pilot smiling. Fourteen men in the barracks lost their lives in the attack and the mess hall that he was preparing to paint was destroyed. Ed was a first hand observer of wounded with terrible injuries and misery. In all, over 2600 servicemen were killed that day; 1,171 of them on the battleship U.S.S. Arizona, now a monument and still a commissioned Navy ship.

It was our considerable privilege to hear Ed Hall at last week's meeting. This well spoken, still sharp nonagenarian was and is a living treasure.
