Students-of-the-Month from Coronado High School

PP Mike Peterson introduced two Students-of-the-Month for December and January from Coronado High School.

Sarah Rickards was designated Student-of-the-Month for December. She is an excellent representative of a high-achieving, well-rounded high school student. With a weighted G.P.A. of 4.8, Sarah excels in her studies, has been on Student Council for four years, and is involved in community service through National Honors Society, LEO Club, Interact, Key Club, and Future Medical Professionals. She volunteers weekly at St. Rose Hospital.

Sarah loves the pride and spirit that Coronado students possess and is proud to be a Coronado Cougar! She has applied to several colleges on the East Coast but has not decided which one she will attend in the Fall.

Her counselor says that, ♦Sarah is definitely a standout and will do great things in her future.♦ Sarah considers herself a positive and kind person and one of her favorite quotes is Maya Angelou's ♦I've learned that people

will forget what you said, people will forget what you did, but people will never forget how you made them feel.♦

Coronado High School and RCGV wish Sarah all the best in her future endeavors! Congratulations!

Student-of-the-Month for Coronado High School for January is **Allison Harper**. Allison is a determined student that gives one hundred percent to everything she does. Not only does she excel in her AP classes, but she

also devotes her time as a student leader and is current President of the AP Executive Council. Her involvement extends to president of the Madrigals; member of the National Honor Society, the Concert Choir, and the Environmental Club; AP Capstone and AP Scholar with Honors; and is founder of the National Social Studies Honor Society at Coronado.

Allison's teachers describe her as determined, hardworking, and quick-witted. Allison considers herself to be very loyal, dedicated and caring. She plans to attend University of Pittsburgh majoring in International Relations.

Congratulations, Allison! RCGV and Coronado High School wish you all the best in your future endeavors!

Craft Talks: Valerie Salerno and Larry Flashberg

Valerie Salerno has wanted to be a lawyer since she sat on her Nana's knee as a three-year-old. After school at Colgate and Albany, and much moving around, she is currently Contracts Counsel at UNLV. Thank you, Valerie.

Larry Flashberg explained electrical power and how it has changed the world. Prior to retirement, he worked at Edison Mission Energy as Manager of Operations Engineering (Plant Performance/Environmental Safety compliance) and on the Business Development Team setting up plants all over the world. He currently is a substitute teacher and we can see why he is in demand! We are glad you settled in Henderson, Larry.

Adjournment

Dave McGovern won \$5 in the raffle. The pot was at \$457. Dave then led the group in recitation of the Four-Way Test of the Things We Think, Say or Do.

President Janet Pancoast adjourned the meeting at 8:18 a.m.

District 5300 News

District Governor John Chase - At the Midpoint:

What an honor it has been representing *District 5300* throughout the last six months. I had the great fortune, as a new Governor, to assume my role following **Governor Raghada**, who had a fabulous year; *Rotary Making a Difference*. This year, we strive to *Be The Inspiration* for others not just

our fellow Rotarians, but all of those that we interact with ♦ you see, they are watching us and they too need individuals to Be The Inspiration for them.

The ♦ Governor ♦'s Project ♦ this Rotary year is simple ♦ work with other Rotary clubs in service, fun, and fellowship. I am seeing amazing projects unfold throughout our district. Clubs that are within a few miles of one another are now working together to make a difference in their local communities. Elizabeth and I had an amazing time as the two *Mesquite Rotary Clubs* joined with the *Moapa Rotary Club* ♦ three clubs, a few miles apart, reportedly never worked together on a project ♦ today, every elementary school in their respective communities have a custom-made ♦ Buddy Bench ♦. A place where students can

go in search of new friends or simply someone to chat with. We should all have a buddy bench in our community, in our government, in our homes ♦ a place of comfort and peace.

We will be reporting on other community-based ♦ Governor Projects ♦ in the future. Until then, a huge thank you to the Rotary Clubs in Mesquite and Moapa for allowing Elizabeth and I to spend the day with you as you continue to strive to Be The Inspiration!

Rotary International News

Looking back at 10 years of riding to end polio

Roughly 10 years ago, Rotarian Michael J. Harris of the Casas Adobes Rotary was debating ways to help small Rotary clubs take advantage of the Bill & Melinda Gates Foundation ♦'s 2:1 match for contributions

to [PolioPlus](#). For some time, Mike had also lobbied Perimeter Bicycling to allow Rotary to field a team in [El Tour de Tucson](#) as one of the ride ♦'s

♦ beneficiaries. ♦ He thought that would be a great opportunity for clubs large or small. Mike could not have imagined what

his pet project would become. Or, knowing Mike, maybe he could. For more information: <https://blog.rotary.org/>
