

District Governor Spouse Project

Judy Firmin is the wife of incoming DG Ken Firmin and has always had a passion to assist others in need, especially victims of hurricanes. Judy was born & raised in Lockport, LA., a small town in Lafourche Parish, then moved to Gonzales, LA. as a teenager. So she has experienced disasters such as hurricanes, floods, and tornados and would like to provide assistance to future victims of disasters in District 6200.

District 6200 has a Disaster Relief Fund, a 501(c) (3) account, where donated funds are held to be distributed to aid victims in our District. Hurricanes Laura and Ida depleted this account, and is now in need of funding.

Therefore, during the Governor's visit, each Club is asked to donate to the District First Lady a gift basket which will be brought to the next Club visited, where it will be auctioned off. Your Club will hold an auction during the Governor's visit for the gift basket brought in from the previous Club visited.

Donations to this fundraiser are to be made out to the Rotary District 6200 Foundation. Those who donate to the auctioned basket will receive a letter from the District Foundation indicating the donation was made to a 501(c) (3) tax-deductible account.

The baskets should contain \$150 - \$200 worth of items in order to bring in higher bids. Judy would like to raise \$25,000.00.
