Nate Adams introduced our Rotary International Youth Exchange Student Maulin Mehta and started our program by sharing that Mo is a member of the soccer, track and tennis teams at Newark High School.

Mo started his presentation by sharing pictures of his family. He informed us that his Dad is an engineer and mom is a homemaker. Mo's sister is studying architecture and was an exchange student to Canada. Mo also shared pictures of his home and school and information about his Rotary Club.

Surat is Mo's home city which is comprised of 6.5 million people and is similar to NYC. India is also the Diamond Capital of the World as well as the 4th largest growing city. Mo informed about the most visited cities as well as other leaders who are from India.

India is a multi cultural and religious society made up of many people and religions, as well as distinct cultures. Mo then touched upon the different festivals that are present in India as well as some of the oldest temples. He talked about all types of topics including weddings, festivals, food, and dance while referencing the 8 classical dance forms and shared his national anthem.

Many questions came from the group in pertaining to school, customs, government and food. During the question and answer section, Mo shared the differences in schooling between India and Newark High School, stating that students in India go to school on Saturday's for 4 hours. Mo also shared that India became independent from the British on August 15, 1947. A member of the Club asked about his future plans and he shared that he wants to become an electrical engineer and is hoping to attend university in America.

Thought of the week:

"Darkness cannot drive out darkness; only light can do that. Hate cannot drive out hate; only love can do that." – Martin Luther King, Jr.
