PROGRAM

President-Elect **Rick Platt** introduced Ohio Department of Agriculture Director, Dorothy Pelanda. Governor Mike DeWine appointed Mrs. Pelanda as the 39th Director of the ODA and she is the first woman to hold the position.

She is a graduate of Miami University and University of Akron Law School. She lives on a small family farm where she grew up in Union County. She has previously served as a State Legislator for the Ohio House's 89th District. Director Pelanda noted that this year has been a tough one for Ohio farmers and it was at her urging that Ohio became the first state to seek federal State of Emergency funds for farmers affected by flooding. So far, 54 of Ohio's 88 counties have received such funds.

Director Pelanda noted 2 new initiatives at ODA. The first is an initiative called H2Ohio, which is a collaboration among ODA, OEPA and ODNR to improve Ohio's water quality and farmers' bottom lines. The second has been ODA's promulgation of hemp regulations. This has also included the regulation of CBD, which Director Pelanda noted is not yet well understood and many products for sale are not safe or at least not accurately marketed to consumers.

Director Pelanda also noted that ODA is actively pursuing federal funds from a program called "Farm to School" to provide programming to the state's children. Director Pelanda then took questions from the audience and the speech was well received.
