MAY 14: Robin Peterson
– Webster, RN – Living Kidney Donation

MAY 21: Special Needs Picnic at Rotary Park

THIS WEEK'S MEETING Dr. John M. Berry – New COTC President

Dr. John Berry began his tenure as the second President of Central Ohio Technical College on January 1, 2019. Over twenty five years of higher education experience, Dr. Berry has demonstrated a deep commitment to and passion for the field of student development and student success.

Most recently serving as the Vice President for Student Affairs and College Advancement at BridgeValley Community and Technical College in Charleston, West Virginia, Dr. Berry supervised the administration of enrollment management functions as well as all aspects of college development and advancement efforts. Prior to serving at BridgeValley, Dr. Berry worked in similar roles for Rhodes State College in Lima Ohio, Cape Fear Community College in Wilmington North Carolina, as well as The Ohio State University at Newark, and Central Ohio Technical College.

In 2009, he completed his Ph.D. in Educational Administration at The Ohio State University. He received his master's degree in Higher Education Administration, College Student Personnel emphasis in 1994 from Southern Illinois University and his bachelor's degree in Political Science in 1985, from the University of North Carolina Wilmington.

As an active subscriber to Student-Centered concepts, he strives to set goals, make decisions, and implement initiatives all with an eye toward student success. Dr. Berry enjoys the outdoors and is an avid sports enthusiast. He shares his life and love with his wife Susan, sons Ryland, J.K. and Grayson and their two Labrador retrievers.

A ROTARY INTERNATIONAL CLUB

- **Deb Tegtmeyer, Jeremy Fleming and Heather Powell** – Volunteers assisting Food Pantry Network – asking for peanut butter and jelly or canned spaghetti sauce – bring next week or give **Deb** cash and she will purchase.
- Service update – will be developing a calendar of events for volunteer opportunities.
- **Tony Adams** – Special Olympics. Volunteers requested.

Mike Massaro introduced Russ Nelson, Newark Catholic Robotics Advisor.

Mr. Nelson introduced Kevin Benis, a Senior at Newark Catholic High School and a founding member of the Robotics Club, known as Brain Wave. The Club was founded in 2016 to give students the opportunity pursue real world experiences in manufacturing and to have scholarship opportunities. It was decided to follow FIRST Structure. There are more than 7,000 teams active worldwide.

There are several different levels to FIRST. The first level is for elementary and middle school students. The highest level is open to high school students. The Club operates with a budget of about \$18,000.00 per year and they compete with Clubs that have much higher budgets. He also stated that the club is looking for ways to increase community activities and a primary sponsor.

Kevin described the design changes from year to year, improving efficiency with the design with each year experience.

The build season is 6 weeks and the rules change each year. They break into small groups and analyze problems. Then they create a prototype. Last year the team placed 19th at the Regional Event and went on to place 9th at State. This year unfortunately, they placed 20th with a 5 – 4 record.

Kevin plans to attend the University of Dayton to study Mechanical Engineering and Physics. He then introduced the rest of the team: Abbey Salome, Garrett McCarty and Kaley Barnett. They then gave a presentation of the robot. All competitions are 2 minutes 30 seconds.

SERVICE PROJECT

As the first of many upcoming Rotary service projects, we'd like to have a food drive until the end of April to help with Operation Feed for the Food Pantry Network of Licking County. With school coming to a close, peanut butter & jelly, as well as spaghetti sauce (Cans, not jars please) would be very helpful. Please bring these items to the next two Rotary meetings – this week, April 23 and on April 30. And make sure to let **Michelle** know of your contribution.

THOUGHT OF THE WEEK

"The best way to predict the future is to invent it."
