PROGRAM

Jim Roberts introduced Congressman Troy Balderson. Troy currently represents Ohio's 12th Congressional District in Congress. Prior to serving in Congress, Troy was a State Senator for Ohio's 20th District, where he served as the Chairman of the Senate Committee on Energy and Natural Resources and was a member of the Senate Finance Committee.

In the State Senate, Troy voted to cut taxes by \$5 billion, eliminate Ohio's staggering deficit, and replenish the rainy-day fund, all without raising taxes. Under Troy's leadership in the State Senate, Ohio has created 500,000 new jobs, helping drop unemployment across the state to under five-percent. Prior to his time in the state legislature, Troy and his family owned and operated a farm in Adamsville, Ohio for several generations. He also worked at an automotive dealership that was in the family for three generations.

A lifelong conservative, Troy believes in protecting all life, our Second Amendment rights, and in getting government out of the way so Ohio's job creators can grow without the restraints of government red tape.

Born and raised in Southeastern Ohio, Troy attended Zanesville High School and went on to attend college at both Muskingum College and The Ohio State University. He is a father to one son and has served as an elder at the First Christian Church.

Troy began by saying that he still hasn't gotten over the song we sang for him at the beginning of the meeting. He exclaimed, "that will definitely go into my journal this evening!"

Troy highlighted the fact that we are very lucky to have such a strong Club and noted some of the powerful members we have in our group. He emphasized the importance of surrounding yourself with people that genuinely care about you and care about the things you care about. They will help to let you know when you're doing good, as well as, whenever you're messing up.

Troy asked us to, "Please, please, please, turn off Fox, CNN, and all the others. There are so many people in politics that work really hard, but don't get talked about enough. These networks seem to only focus on the negative side of things."

He encouraged us to work with our schools, work with officials and leaders to support the growth that we are fortunate to have in Licking County. We are positioned very well in Licking County to support the growth out of eastern Franklin County.

Troy ended by saying that, "We have to change our mentality and if we can change just one child's life, that's a win. That one person will help spread to others, but we can't try to change everybody all at once."
