~ GREETINGS FROM THE DG ~

Hello September! That means kids are back at school and as Rotarians we celebrate Basic Education and Literacy (BEL) month. There is something special about that parenting moment where you go from reading to your children, to them suddenly reading to you. My daughters are ferocious readers and devour books faster than we can get them. I can't imagine what it would be like to not have access to libraries, or bookstores – or Amazon – or worse, to not know how to read or write. It is detrimental and limiting for individuals and societies to not have basic literacy skills. I am proud to be in Rotary, where that is one of our Areas of Focus.

We discussed BEL on our District Club President's call on Monday night and heard from several clubs who do projects related to the topic. Here are some ideas:

- Dolly Parton Imagination Library
- Sponsor a Free Little Library
- Invite your local ESL and GED programs to speak to your club – how can Rotarians help?
- Participate in a regular reading circle at your local Head Start program
- Sponsor and deliver dictionaries to 3rd graders (one of my personal favorite projects!)
- Investigate local programs for basic literacy; likely one in your community who could use volunteers
- Start a book vending machine in a local Title I school; students can "buy" books with reward tokens
- Looking for an international project? Sponsor a Tutu Desk
- Instead of giving a mug or a pen as a speaker's gift, consider having them sign a book that is donated to a local library, school or placed in a Free Little Library – take a picture with them and the book, mail it to them and invite them to come back as a potential member. Talk about impressive!

For more information on how to make an impact in the Basic Education and Literacy area of focus, you can join the Basic Education & Literacy Rotary Action Group (BELRAG). I am looking forward to seeing what your club does to increase basic education and support literacy. Shoot me a note, or better yet, tell me about it at the District Conference October 4-6! I would love to hear about it!

Together we can make a lasting change in the world, in our communities and in ourselves.

Upcoming D7610 Fellowship & Learning Events!

Fellowship is one of Rotary's core values; along with Leadership, Integrity, Service and Diversity - in case you are curious. To that end, we have several opportunities to gather for fellowship and learning in September and early October! Go to the [District Website](#) for the opportunity to register or click on the links below.

- **District Training Assembly 2.0** is an opportunity for club leaders – and open to all Rotarians and Rotaractors – to gain the knowledge and skills necessary to fulfill their positions. All sessions are held via Zoom and are scattered throughout the month of September. Check the District website for dates, times and Zoom links: [District Website](#) No cost to attend.
- **Cyber Security/Online Safety Workshop** September 17th at 6PM via Zoom. This session is open to all Rotarians, Rotaractors and their families who could use a refresher on online safety and security and what the latest scams are that members are vulnerable to. This is directly in response to the recent Rotarian impersonator who infiltrated Rotary organizations throughout the world, impersonating a member, scamming money. There is no cost to attend, but due to the sensitivity of the topic, it does require registration so we know who is "in the room". Registration will be available on [District Website](#) soon!
- **District Conference** – October 4-6 in Washington, D.C. Register and reserve your room ASAP as the room block closes on 9/6 and the deep discounts on the rooms disappear then! Discounts for first time District Conference attendees and Rotaractors are still available. Visit the Conference website for agenda, speaker bios, sponsorships & registration: [District Conference](#)
- **Rotary Leadership Institute** – October 12th 9:00 – 3:45PM in Warrenton. Parts I, II & III are being offered, plus we will reimburse 50% tuition after the event for D7610 members who attend the 10/12 session (see prior communications for stipulations). This reimbursement is first come, first served based on the order in which registrations come in, so don't delay to register if you care about the discounts! [Rotary Leadership Institute](#)

SAVE THE DATE(s):

- **District 7610 Foundation Luncheon** – Saturday, November 2nd (Time/Location TBA)
- **Rotary International Convention** – June 20-25 in Calgary, Canada! Come for the Convention, stay for the Calgary Stampedo! We currently have almost 50 members going! If you haven't been to an International Convention – you don't want to miss this opportunity! It is truly life changing! [Rotary International Convention](#)
- **2025-26 District 7610 Awards & Installation Banquet** – Sunday, July 13th (Time/Location TBA)

DG VISIT TO ORANGE COUNTY CLUB

MEMBERSHIP SPOTLIGHT

A VERY SPECIAL ROTARY FAMILY BEGINS

This is a series of articles that will continue in subsequent monthly newsletters about this amazing Rotary Family.

Three generations of Rotarians? When something special comes along, we want to know more about it, so we set about collecting these generational stories. First up: Grandfather Rual Perkins from Kentucky. He knew how to make an entrance, being born on the first day of World War I. His daughter Nelda remembers him as a nicer version of LBJ; very tall, a huge presence, could be intimidating, but always popular. He would later become a Methodist minister and serve as a chaplain in the South Pacific in World War II.

In those days, Methodist ministers moved around a lot and his assignments included towns like Paducah, Kentucky. In those days, Rotary was a big deal in these small towns. Rual walked with his clubs in their town parades. He loved helping with his community's beautification projects, often centered on the town parks. These were still the days of the men-only Rotary. On special

occasions, the men could invite their wives to a meeting, but their assigned seating was separate from the men. While deeply involved with his flock, Rual also wanted to be part of the larger community, and he found Rotary Clubs to be the perfect vehicle, ending up as a Paul Harris Fellow. With his Rotary hat on, he traveled to places as far afield as Mexico City and Munich.

Besides his family, Rual balanced his days between Rotary and church. He was at the 1968 Unity Conference where the Methodist Church joined with Evangelical United Brotherhood to become the United Methodist Church. When Rual retired in 1988, he moved to Greensburg where he owned a dairy farm, run by his cousin. Greensburg had a Rotary club of around 40 members. After becoming president of the Greensburg Rotary club, Rual spent months preparing for their big annual Fundraiser – a community weekend festival that matched his off-hours environment. It was called Cow Days.

Rual was in his 70's when huge societal changes were taking place. Women were being admitted to the clergy, and to Rotary. He weathered the changes with grace while remaining active with his church hierarchy. Despite protests from the John Birch Society, he extended an invitation to the American civil rights activist Dr. Ralph Abernathy to speak. Rual passed away in 2005 at the age of 91, a good Rotarian to the last.

A Collaborative in Support of the Environment

If you are attending the District 7610/7620 2024 Convention or have missed the opportunity to attend the 2024 District Conference, here is another opportunity to participate through your words and thoughts. This opportunity is open to all District 7610/7620 Rotarians.

There is time to prepare handouts for the House of Friendship Table hosted by the District 7610 Action Group for Environment Sustainability. The submission deadline of your inputs for these handouts must be received by **9/25/2024**.

We need your ideas!

Keep your projects/ideas/comments to less than 200 words. One or two sentences is fine, and you can begin with simple concepts. Topics to consider:

- What are your environmental 'pet peeves'?
- What is your 'wish list' for protecting/supporting the environment?
- What are the best environmental improvement/protection projects you know of?
- Who/what are the most effective environmental organizations?
- Finish this statement: If I could, I would.....

Recently, the Rotary Club of Orange welcomed Amelia Stansell, Rotary District Governor (DG) was our guest speaker. She brought her enthusiastic personality to our meeting. We were all on the edge of our seats as she spoke about this year's dual themes. The DG theme is Irresistible and the Rotary International theme is The Magic of Rotary; both inspired by RI President Stephanie Urchick.

When asked: "What makes the Rotary Club of Orange Irresistible"? To answer that question, many of our Rotarians gave uplifting and motivating answers by sharing their personal experiences. Our aim is to share The Magic of Rotary with the Orange community; from participating in community projects, providing scholarships for Orange County students, to organizing the annual Christmas parade and working on the many outreach projects to support those in need. Our club experience is both engaging for members and for our community, making Rotary Club of Orange "Irresistible!"

ANNOUNCING A NEW SATELLITE CLUB

A new Rotary Satellite Club of Fairfax Landmark was approved and started on August 14, 2024. This is great news for the Rotary Club of Fairfax. We had our first combined social this past week and a service event packing sandwiches for the homeless at the Arlington Masons Hall. 12 Rotarians, their families and friends came together, enjoyed the day and did great things as a team. We have more members to induct. We are meeting Mondays at the American Legion Hall in the City of Fairfax. We have at least one service project per month planned and one social get-together. If you would like to know more about innovative clubs, companion clubs and impact clubs, reach out to the membership team. Let's talk about retaining members and growing Rotary. We have a place for everyone.

Learning and Development – September 2024

Building strong bonds within clubs can lead to a more collaborative, supportive, and enjoyable environment. Here are several effective methods to strengthen those relationships:

1. Communicate Openly and Respectfully

- **Active Listening:** Show genuine interest in others' ideas and concerns. Listen more than you speak and respond thoughtfully.
- **Transparency:** Share your thoughts and feedback honestly, but with respect.

2. Find Common Interests

- **Shared Activities:** Participate in activities or hobbies that your colleagues enjoy and will foster connections.
- **Casual Conversations:** Engage in non-work-related conversations - weekend plans, favorite shows, or hobbies can help find common ground.

3. Be Supportive and Helpful

- **Offer Help:** Assist others with tasks or projects, especially when they are under pressure. Small acts of kindness add up!
- **Celebrate Successes:** Recognize and celebrate your members' achievements, big and small. Easy to say thank you!

4. Collaborate and Engage

- **Team Projects:** Active collaboration allows you to work closely with others, understand their strengths, and build mutual respect.
- **Involve Others:** When making decisions or planning events!

5. Practice Empathy and Understanding

- **Be Considerate:** Understand that everyone has their own challenges, both personal and professional. Be empathetic.
- **Handle Conflicts Gracefully:** Disagreements are natural, but how you handle them matters. Approach conflicts intending to resolve, not to win.

6. Participate in Social Events

- **Attend Work Gatherings:** Participate in team lunches, after-work drinks, or work events. Informal settings provide personal opportunities to connect.
- **Organize Social Activities:** Take the initiative to plan a club outing or social event. It shows leadership and a desire to strengthen club bonds.

7. Be Reliable and Trustworthy

- **Consistency:** Be dependable in your work and interactions.
- **Confidentiality:** Keep private matters private.

8. Show Appreciation

- **Express Gratitude:** Regularly thank others for their help, support, or simply for being good members. This can greatly enhance relationships.
- **Positive Feedback:** Provide constructive and positive feedback.

Cheri Mesa, District Treasurer. Do not miss this opportunity. Many thanks from DG Amelia Stansell and Madeline Lawson, Chair of Outreach and Fund Development.

- Each club that purchases a \$250.00 sponsorship will be listed on the Banner of Clubs that will be on display during the October 4-6 District Conference.
- Sponsoring clubs will be listed on the District website.

Join Us in Making a Difference. Mark your calendars, spread the word, and register today. Together, let's continue to inspire and create lasting change in our communities. Registering for the Rotary District Conference is easy; visit the conference website and follow registration instructions.

How will your club celebrate World Polio Day, October 24th?

World Polio Day, observed on October 24th, is a significant date for Rotary clubs worldwide. It is a day to reflect on the progress made in the fight against polio and to renew our commitment to eradicating this debilitating disease. As members of the Rotary family, we have a unique opportunity to make a difference and raise awareness about polio eradication efforts. Here are some ideas on how your club can celebrate World Polio Day:

- **Host a Fundraising Event:** Organize a charity run, walk, or bike ride to raise funds for polio eradication. Encourage community members to participate and donate to the cause.
- **Educational Seminars:** Arrange a seminar or webinar with healthcare professionals and polio survivors to educate the community about the importance of vaccination and the current status of polio eradication efforts.
- **Social Media Campaign:** Launch a social media campaign to spread awareness about World Polio Day. Share facts, stories, and updates about polio eradication using the hashtag #EndPolioNow.
- **Collaborate with Local Schools:** Partner with local schools to conduct educational sessions for students. Engage them in activities like poster-making competitions or essay writing on the topic of polio eradication.
- **Light Up a Landmark:** Work with local authorities to light up a prominent landmark in your community with the End Polio Now logo. This visual representation can draw attention and spark conversations about the cause.
- **Community Service Projects:** Plan a community service project that aligns with the theme of health and wellness. This could include organizing a health fair, offering free vaccinations, or conducting a clean-up drive.
- **Rotary Club Meeting:** Dedicate a club meeting to World Polio Day. Invite a guest speaker to talk about the progress and challenges in the fight against polio. Use this opportunity to educate and inspire club members.

Remember, every effort counts in the fight against polio. By coming together and taking action, we can help ensure that future generations live in a world free from polio. Let's make this World Polio Day a memorable and impactful one! Share your ideas with DACdb EZ Stories and through social media to inspire others to join the cause!

The Rotary Club of Orange is pleased to announce that Johan Sollefeld Jr., is the 2024 recipient of the David M. Sherman Memorial Scholarship. The \$5,000 annual scholarship is awarded to a deserving Orange County High School graduate who plans to attend Virginia Tech to study engineering. Johan attended the Rotary of Orange meeting to receive his scholarship award before heading off to Virginia Tech as an incoming First-year student. Rotarians Cal Ewing and Bill Hager were instrumental in establishing the Rotary Club of Orange - David M. Sherman Memorial Scholarship with the emphasis on the study of engineering. Congratulations Johan!!!! Rotary of Orange wishes you much success in the future.

9. Respect Boundaries

- **Understand Limits:** Not everyone is comfortable with the same level of closeness. Be mindful of personal boundaries.
- **Work-Life Balance:** Encourage and respect work-life balance.

10. Lead by Example

- **Positive Attitude:** Maintain a positive and approachable demeanor. Positivity is contagious.
- **Inclusive Behavior:** Be inclusive in your interactions, ensuring that everyone feels valued and part of the team.

Building strong bonds with others takes time & effort, but the rewards are worth it. A supportive and connected club not only enhances everyone's satisfaction, but also leads to better teamwork and productivity.

Rotary Legacy Campaign “Rotarians Empowering Generations”

The Rotary Legacy Campaign for District 7610 is an ambitious initiative aimed at fostering a sustainable future for The Rotary Foundation. This campaign embodies the spirit of Rotary by promoting service above self and ensuring that our efforts today will have a lasting impact for generations to come. The campaign dates are from 1 July 2024 until 31 Oct 2025, with a celebration event scheduled for 15 November 2025.

Key Objectives

1. **Educational Empowerment:** Investing in scholarships, educational programs, and school infrastructure to provide opportunities for young minds to flourish.
2. **Healthcare Enhancement:** Supporting medical facilities, health education, and access to care, ensuring that everyone has the resources they need for a healthy life.
3. **Environmental Stewardship:** Initiating and supporting projects that protect and sustain our natural resources, promoting green practices, and addressing climate change.
4. **Economic Development:** Encouraging entrepreneurship, job creation, and financial literacy programs to boost local economies and empower individuals.

The success of the Rotary Legacy Campaign relies on the collective efforts of our members, partners, and community supporters. Here's how you can contribute:

- **Donate:** Financial contributions are crucial. Every dollar raised will go directly towards projects that align with our key objectives.
- **Volunteer:** Your time and skills are invaluable. Join us in various initiatives, from building schools to organizing health camps.
- **Partner:** Businesses and organizations can partner with Rotary to amplify the impact of our projects. Collaboration is key to achieving sustainable change.
- **Advocate:** Spread the word about the Rotary Legacy Campaign. Awareness is the first step towards community involvement and support.

For more information on how to get involved, contact: Ralph Menzel: District 7610 Legacy Campaign Chair

Imagine the tremendous impact of your legacy after more than 100 years of investment, not only in the markets but also in sustainable Projects that change lives.

How will your legacy change the world?

District Youth Exchange Program - Update

There are many reasons why Rotary is an amazing organization. One reason is because of our Youth Exchange Program. After being virtually shut down during the pandemic, we are now up and running again. We are grateful to everyone that made this happen, including our District's Leadership Team and the many Clubs that responded to help find solutions for our Inbounds.

Outbounds:

Mayla (Arlington) is going to France and is sponsored by the Crystal City Pentagon Club. Her parents are the host family for the Inbound student from France.

We are working on the application for our first candidate in the next school year Outbound (Long Term). This student attends Lake Braddock HS in Fairfax Co. The West Springfield Club is looking to be her sponsor and potentially host an Inbound student in 2025.

Inbounds:

Though we are only required to host one Inbound student, we have been able to place 3 students in our District. This has been at the request of ESSEX; Eastern States Student Exchange – a Rotary Multi-District organization.

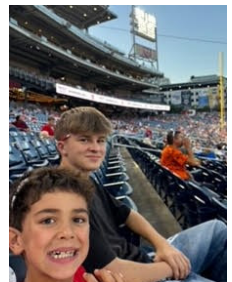

Let's meet and welcome our current students

Inz ~ from France, hosted by the Crystal City Pentagon Club

Anibal ~ from Chile, hosted by the West Point Club

Jan ~ from Germany, hosted by the Alexandria Club

We look forward to having these students meet everyone at the upcoming District Conference in October and at the RYLA Camp in February 2025.

If any Clubs would like a great guest speaker, we will arrange for one of them to talk at your Club. In addition, former Host Parents and the District Youth Exchange Committee members would be delighted to provide additional information and answer any questions.

We are looking for candidates to go abroad in 2025 (long term) or next Summer (short term)!

Please contact Barry Gordon or any Youth Exchange Committee members. NOW is the time to make these decisions.

Submitted By: Barry Gordon - Chair, Youth Exchange

How Rotarians Can Recognize and Prevent Human Trafficking

In concert with Rotary's September theme of Basic Education and Literacy, the Tappahannock Rotary Club (TRC) challenged local businesses and organizations in Essex to support Essex County Public School (ECPS) teachers as they prepare for the new school year.

Too often, teachers must go "out of pocket" to provide a productive learning environment for students. TRC's "Donations for Teachers Challenge" netted a total of \$2150.00, which will help teachers purchase supplies and other items for success in the classroom.

Contributors included the Tappahannock-Warsaw Moose lodge, the Rappahannock Times, TRC and from local citizens. Pictured are various ECPS teachers, with Bill Croxton (Moose lodge & TRC), Victor Burrell (TRC President), and ECPS Superintendent Dr. Harry Thomas. Kudos to TRC Rotarians Erin Kelley and Bill Croxton for championing this effort.

Submitted By: Victor Burrell - President, Tappahannock Rotary Club

More than 200 service providers, child advocates, human trafficking survivors, community representatives and non-profit leaders attended the 2024 Human Trafficking Summit hosted by the Virginia Attorney General's Office in Richmond, VA. The theme "United for Impact" demonstrated how federal, state and local leaders and citizens came together to address and recognize the growing problem of human trafficking in our country, which has surpassed the reported incidents of other criminal activities and drugs.

Virginia Attorney General Jason Miyares provided the Keynote Address, where he thanked everyone who attended for their leadership and support of this growing problem. He acknowledged his staff, who he described as the "People's Protector" in helping and supporting individuals who are working on this tragic issue facing our country and our Commonwealth.

Public Safety Secretary Terrance Cole told the audience there were more than 95 million cyberattacks in Virginia related to human trafficking within the last year. Cole said the ways to help are: 1) to provide a safety shelter; 2) through education and provide job training; 3) to provide emotional support; 4) where attorneys can provide legal help; and, 5) to empower survivors.

One of the sessions was "Manning Up: How Fathers and Footballers Help Tackle Trafficking", which included former Washington Redskins Defensive End, Charles Mann, who addressed the importance of men talking with their children and treating women with respect.

Ascend Consulting CEO Anne Basham led the discussion on Va. Attorney General's initiative, "100% Business Alliance Against Trafficking" and signing up through the OAG website. She encouraged businesses to register and partner with the AG's Office to combat human trafficking.

One of the final speakers for the day was Ambassador John Cotton Richmond, who will be speaking in October at the Rotary D7610/D7620 District Conference in Washington, D.C. Ambassador Richmond told the audience that "freedom requires more" and how he has spoken directly with the traffickers to get their viewpoint. He stated that human trafficking is a booming business for global spending. Within the last five years, the cost of human trafficking has increased by \$336 billion. Sadly, the global rate of convictions has decreased by 25.5%. And U.S. convictions have dropped by 25% within the last year. After the Summit ended, Juanita had a chance to speak with Ambassador Richmond, where he told her that he is looking forward to speaking at the Rotary District Conference. Juanita also had a chance to catch up with Carl Duffey from D7620, who is a RAGAS member.

To learn more about combatting human trafficking, join the [Rotary Action Group Against Slavery - RAGAS](#). To report human trafficking, sign up for the Business Alliance Against Trafficking and useful contacts in Virginia regarding human trafficking, visit the [Office of the Virginia Attorney General](#).
