

Inaugural Susitna Rotary Susitna Cup Scramble

Friday September 8th, 9:00AM Shot-Gun Start

"Drowning is the No. 1 cause of accidental deaths for kids in Alaska," and on average, nine out of 10 people who died in boating accidents were not wearing a life jacket or were never found.

Water safety has been a passion for Susitna Rotary for the past Decade. Our mission is to educate children and adults about water safety through the utilization of drowning prevention campaigns & early childhood water safety training and we have partnered with the Josh Collingsworth Foundation founders of Josh the Baby Otter Program and the Alaska Department of Natural Resources Office of Boating Safety on these important issues.

This year we will be hosting an 18-hole scramble Friday September 8 at Settler's Bay Golf Course to raise money to support water safety programs.

**Teams are only \$500.00 or \$150.00 per individual player
