

New Meeting Component

The MEMBERSHIP MOMENT

There are many good reasons for joining Rotary...Fellowship, networking, opportunities for service to both the local and World communities to name a few. There are as many reasons for remaining a Rotarian. These may not be the same as those that inspired you to join.

From wherever you sit in the room you have your own perspective on Rotary. This should be shared with each other, our guests, and potential members.... a powerful recruiting tool.

This brings me to reason for this epistle. There will be a new component to our weekly meeting agenda called the "Membership Moment". President Dean is seeking volunteers to give a two-minute talk on why you became a Rotarian and what inspires you to remain a Rotarian.

You are invited to share your vision of Rotary. Give us "the rest of the story". Please contact me to volunteer your Membership Moment.
