

## Website Design and Instructions (2023)

Jane Dingman has volunteered to update the website. Mike W is working with Ken Kohnhorst's estate to try to get access to administrating the website. Carla Nolton has volunteered to manage the facebook page (along with Pam Brulotte) and to build an Instagram account and page.

The protocol and expectation for best success of the website and Facebook and Instagram sites is for members and committee chairs to forward pictures, stories, and updates to the above volunteers. This will help keep formats and content active and interesting. The task force recommends time at a forthcoming weekly meeting to present to the club, and to provide simple guidelines and training to gain ownership and high participation.

Dean Johnson has provided a link, password, and instructions for snapfish photo storage below: ➤ website: Snapfish.com | sign in: graphicone@charter.net | password: wurst1 ➤ On the blue upper banner, click "My Photos" ➤ What appears is a vertical list, chronologically ordered, of "Album Covers". Click on the Album Cover picture and it opens to all the photos in that particular album. There is no administrator. You can download, order prints, or upload your own as desired.
