- Paid Off 5/21/21

THEN V. NOW

Remember these dinosaurs?

Versus modern
technology?

OR THESE ANCIENT TOOLS?

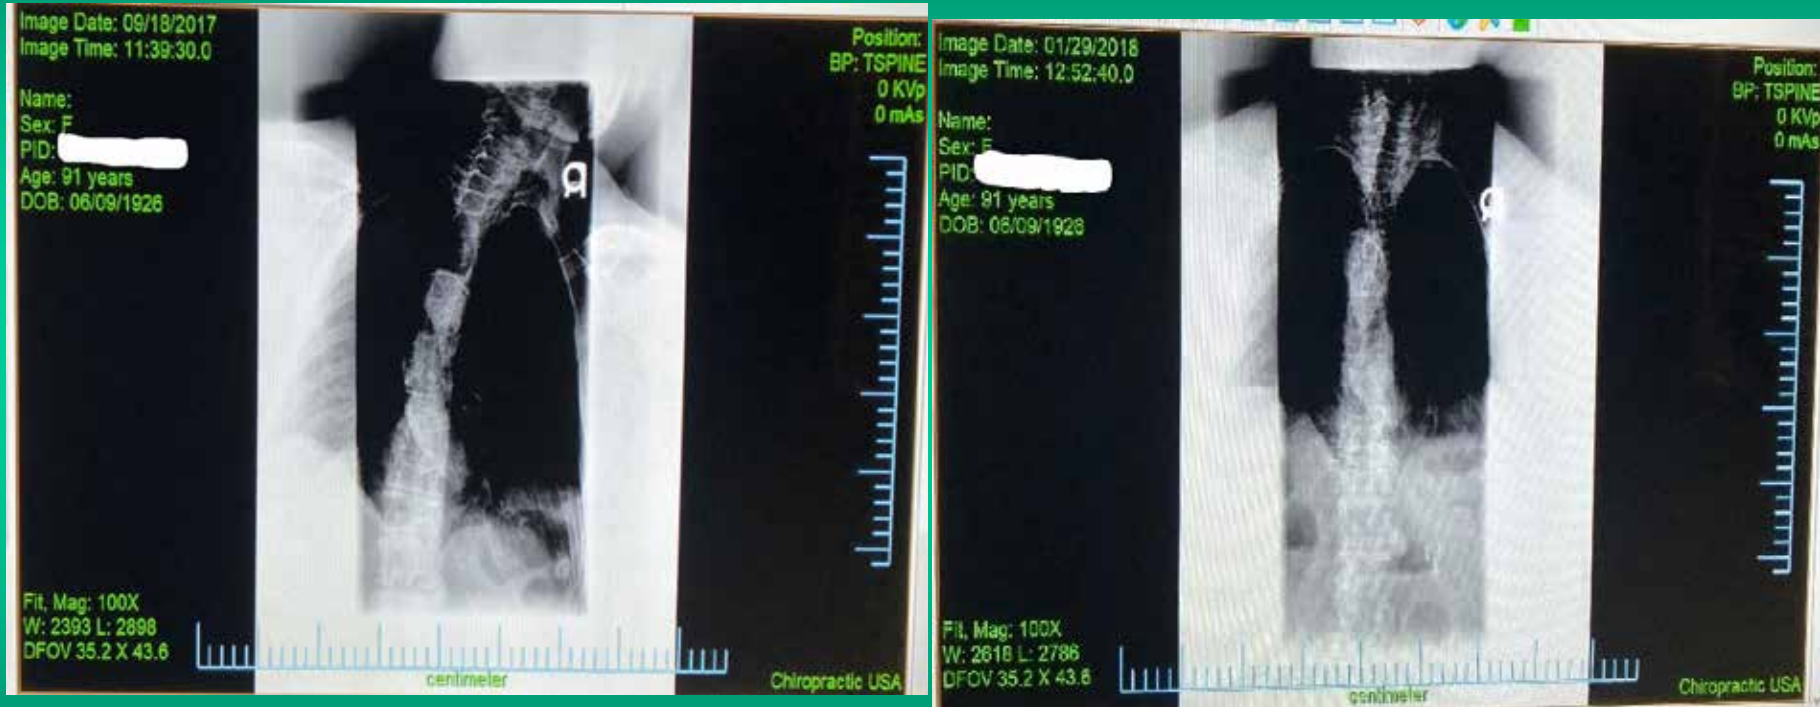

VERSUS:

Structure Determines Function

- Frank Lloyd Wright

*** Individual results may vary ***

SICK

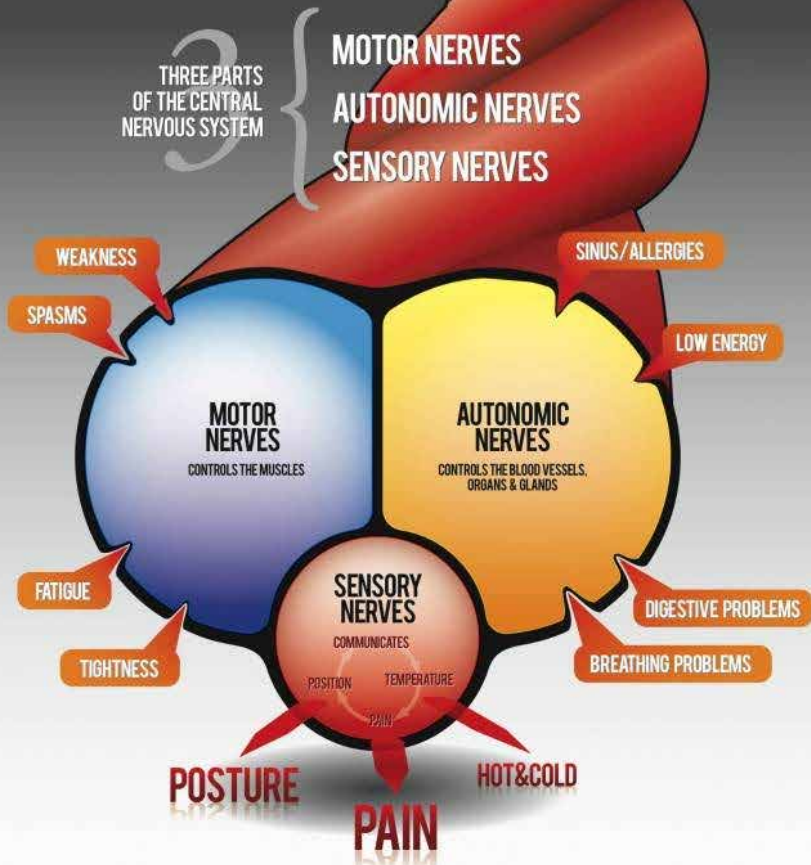

HEALTHY

Epidural Spinal Injections (invented 1948) = **NOT** FDA approved (FDA.gov)

What Chiropractic Can Do For You Today:

- ž Digital X-rays (2008 upgraded in 2012)
- ž DOC – spinal decompression (2017)
- ž Shockwave treatment (mid 1980's)
- ž Subluxation Station – surface EMG, infrared thermography, heart rate variability (HRV) (since 1997)
- ž And the most important part - **spinal adjustments!**

FEELING vs. FUNCTION

NOTICE THE SENSORY PART WHICH TRANSMITS PAIN, IS ONLY A SMALL PORTION OF THE CENTRAL NERVOUS SYSTEM.

FEELING GOOD \neq GOOD HEALTH $=$ HEALTHY FUNCTION

NERVE TENSION CAN EXIST WITHOUT PAIN.*

*SHARISE M. PAIN AND THE NERVE ROOT. SPINE 1993; 18(14):2053
