IMPACT Seeks Innovative Solutions and Programs!

An Exciting Project Began Two Years Ago...

*Our **IMPACT** Clothing Bank*

*distributed
more than
100,000
items last year!*

Shocking Statistics!

During the Pandemic more than 60 Million Americans used the Food Bank system! That is 1 out of every 5 or 6 people seeking assistance.

72% of the households with earned income made less than \$20,000/YR
Nearly 2/3 of that group actually lived on less than \$10,000/YR

Shocking Statistics!

In February 2024 the Feds reported that 30% of Americans do not have \$400 in savings to cover an emergency – across all income levels, from the lowest to those making more than \$100,000 each year.

2/3 of that group have to borrow
1/3 have no resources at all

IMPACT Helps Improve Household Incomes

Job Training in High Demand High Paying Jobs for the Future
Help with GED, Resume Building and Interview Skills

MOVING PEOPLE
FORWARD

It is not enough to help someone just **find** a new and different job. We have to give them a new set of skills and resources that will be needed to help them '**keep** the job'!

Our Wholistic Approach Supports Success

IMPACT Rocks

– Thanks To Volunteers and Partners!

With just over a dozen staff, it's our myriad community partners and 170-180 volunteer shifts each week that make everything we do possible!
