Introduction

What is Rotaract?

Long story short... We are the collegiate version of Rotary!

- Two years ago we officially became recognized as Rotarians
- UofA service oriented club
- 3 service events a month!

About Us- EBOARD

Me!- President

I am a junior studying Physiology and Medical Sciences with a minor in Health and Human Values through the W.A. Franke Honor's College. I plan on applying to medical schools next summer with the hopes of pursuing Pediatrics! My goal this year is to bring up engagement and get more students involved!

Annie Bearupe Vice President

Senior studying applied math.

Ben Karls Treasurer

I joined this club over 4 years ago and have been part of the board now for 3 years. I am currently getting my Ph.D. in Environmental Science @ UofA studying contaminated runoff water. My time with Rotary has been filled with opportunities for community outreach and the opportunity to meet Rotarians who have provided unique insight and opportunities that I otherwise would not have gained.

Brooke McKalip Director of Membership

Brooke is a 3rd-year Environmental Public Health Student (Pre-Med). As an out-of-state student, Brooke joined Rotaract her freshman year to build community and connect with Tucson through service. From running the social media accounts to implementing engagement programs, Brooke is excited to pass on her enthusiasm for Rotaract as Director of Membership this year.

Our Events/Projects

01 Beach Volleyball
Social

02 Mission Garden

03 Project Linus

04 Beads of Courage

More event photos

Last Weekend!

We partnered with APAMSA, another club on campus, and volunteered at Beads of Courage!

Spring 2023

A frequent event we do at the Diaper Bank where we sort and package diapers that are distributed throughout

Fall 2023

Our first event of the year at the Community Food Bank! We packaged and sorted over 33,000 lbs of food!

**More Photos from last weekend
because the turnout was just
too good!**

More Photos from Last Weekend because the turnout was just too good!

How we engage and reach current and potential members

Is there a secret to it??

- making it exciting to do good
- strong social media presence
- building a community and not just another club to join for your resume
- not just doing service to do it, choosing intentional and meaningful organizations and projects

Dental Project

Spring 2023- packaging and distributing dental bags

We are accepting any contributions to the project via check, cash, zelle (480-559-2425)
