Founded in 1989 in Mafinga, Tanzania, Kibidula is a Christian mission providing residents and neighbors with primary education, agricultural training, basic healthcare and a purpose, all in a Christian setting with spiritual guidance and mentorship.

Fortified by donations, the mission also has a sustaining commercial operation in Kibidula Farms, producing over 500 acres worth of the world's best avocados for markets in Africa, Europe and Asia. Scan the QR code or visit us at [kibidula.org](http://kibidula.org) to help us grow.
