The Marshall Klein Foundation was established in 2011 as a nonprofit, tax-exempt 501(c)(3) organization. The foundation is partnered directly with Hopewell and Bridgepoint Academies.

Hopewell believes that the purpose of education is to facilitate the development of the potential of each student, especially those students with special needs. Hopewell students have encountered unique challenges that prevent them from finding lasting success both in school and in the community. Hopewell believes that the solution to those challenges lies both within the student and within the learning community.

Hopewell believes that providing students with relevant and rigorous instruction, supportive and empowering therapeutic support, and meaningful and effective vocational support, will ultimately allow students to become self-sufficient individuals able to meet their own needs in a way that supports not just their opportunities but also supports the opportunities of others. The Marshall Klein Foundation provides scholarships for continuing post-secondary education for eligible Hopewell, Bridgepoint Academy and Lincoln-Way High School Special Education graduates.

The Rotary Club of New Lenox and Marshall Klein Foundation want to ear-mark this year's golf outing proceeds to expand the number of scholarships provided, as well as increase the scholarship amounts to help more of these young adults achieve success.
