The Fuel That Drives Our Mission

Greetings my fellow Change Makers and welcome to the month of November!

November is the time for family gatherings and giving thanks for our many blessings. It is the month that we recognize all of our service men and women for their contributions and sacrifices to our country. And it is the month that Rotary International has named Rotary Foundation Month.

Our Rotary Foundation is the life blood, the fuel that drives our mission to do good in the world. It is your contributions that provide funding for projects both locally and worldwide. Your contributions to The Rotary Foundation help to promote peace in our world. Your support helps improve health, alleviates poverty, provides education and improves our environment. The Rotary Foundation transforms your gifts into service projects that Change Lives both close to home and around the world.

And I know that all of us give and contribute to this wonderful and life changing organization we call Rotary in ways that most fit our economic situation. But this November, I challenge all District 6690 Rotarians to consider making a contribution to OUR Rotary Foundation. If you started today by just putting \$1 into a jar and deposited into that jar \$1 for every day from now until March 5th, you will have collected \$125. And if every Rotarian took this challenge on, we would be able to contribute roughly \$324,000 to the Annual Fund and \$81,000 towards our efforts to eradicate polio from the face of this earth!

What a magnificent impact we could have! So, are you up for the challenge?

In the season of Thanksgiving, I want to Thank You for being a Rotarian. Thank you for wanting to make our world a better place. And thank you for Serving To Change Lives!

the 125 Club

District Governor Maryjane Shackelford has handed out 250 Woo Hoo 125 pins so far this year. The goal is 1500. A great start to Rotary Year 2021-2022, but we still have a long way to go! Make your [donations](#) to the Rotary Foundation (EREY and Polio Plus) Funds today!

Drake Lundstrom, our 6690 Rotary Youth Exchange outbound chair, has provided a recording of our September informational zoom meeting.

This covers much of the FAQs about youth exchange and is a great summary to forward to local schools (especially world

language teachers!), post to social media, or send to neighbor teens and grandkids!

**November 17
5pm**

Virtual meeting to define what an e-club looks like in District 6690.

WHO: Busy people who want to make an impact as their schedules allow. (and who embrace technology!)

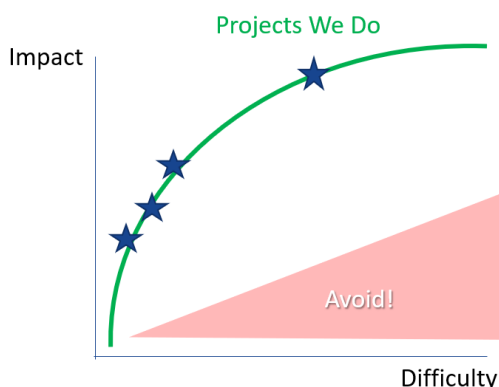

WHY an e-club?: We can serve a wide geography *and* use our time efficiently.

WHEN: We serve always: wherever and however we can.

WHAT would we do?: We can do anything! No limits, but here are some ideas:

- Online awareness campaigns to promote or fund important causes. (PolioPlus, Kiva, etc)
- Support other Rotary clubs in their projects.
- Hyperlocal impact projects - just DO it! (Recruit whomever you can, from anywhere!)
- **NEW** projects. We limit how many years we repeat ourselves.
- (No fundraisers, no galas, no ticket sales, no asking friends for money.)

HOW do we operate?: Lean! We share compelling ideas and stories with our network to get support for projects with impact. (and minimal dues.)

Sound good? Does this sound like you?

Step 1 is showing up!

We want your ideas and your involvement.

[Join us](#) for a short Zoom session on November 17 to ask questions and to help shape the club.

If you're interested but can't attend, [let us know](#). We will continue the conversation online using collaboration tools.

Navigating Generational Differences

Part 2

November 9, 2021
5pm-6.15pm

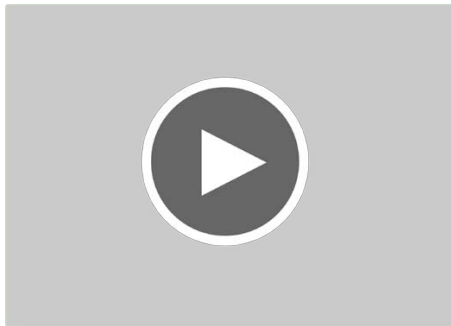

Having multi- generations in an organization can be difficult.

Understanding generational differences can help establish common ground and avoid misunderstandings.

Working to bridge gaps and leverage strengths can help you and your organization build better relationships and create better functioning and more creative teams. In this introductory workshop, we will highlight key characteristics of each generation and identify primary motivational forces. We will discuss best practices when dealing with different generations and ways to improve engagement in your organization.

Video MADE the Rotary Star!

This Rotary year, the District 6690 PI Committee is proud to launch the FIRST in a series of promotional videos.

The videos highlight Rotarians and why they choose to be in Rotary.

You can be in one too! [Contact us](#) if you're interested as we plan for the next installments.

Or - Make your own! Your club members can record short video spots to post to your website or social media.

Tell the world that Rotarians are people from the community - people you know, who together, see a world where people unite and take action to create lasting change 💎 across the globe, in our communities, and in ourselves.

Kudos to Doug Jones of Hilliard Rotary, who led this project, coached the speakers, and produced the video. Well done!

Resources to make PI at the club level a little easier.

- [PI Website](#) - find monthly reminders and tips.
- Ideas for social media posts. We are compiling a library of social media posts that clubs can use to augment news about their own clubs. These are more generic stories about 'What is Rotary'.
 - If you follow [Rotary6690](#) on Facebook, we are posting the stories there too. You can simply share them to your own page. (Subscribing to the district page and liking the posts will help them get more views.)
 - [November](#) stories
 - We are always looking for new stories about what it means to be a Rotarian. (We're watching the club pages for ideas!) Please tag the district (@rotary6690) in stories that would be good to share more broadly.
 - Remind your club members to like and share stories on your social media accounts, and also the district and R.I. social media accounts. The more likes, the more widely the stories are seen by non-Rotarians.
