1. INTRODUCTION

Rotary District 6860 is a group of clubs within a geographical boundary established by the Rotary International (RI) board pursuant to the bylaws for administrative purposes. The activities and organization of a Rotary district shall exist solely to help the individual Rotary clubs advance the Object of Rotary and should not diminish services provided by Rotary clubs and individual Rotarians at the local level (RCP 17.0101.1).

All districts are required to establish a Leadership Plan in conformity with the District Leadership Plan [DLP] structure outlined by the Council of Governors. The DLP has these required components:

- A. Common terminology such as assistant governor, district trainer, and district committees*
- B. Defined responsibilities and duties for Assistant Governors, district trainers, and district committee members*
- C. District committees that ensure continuity of leadership within the district*
- D. A clear statement of the duties and responsibilities that the DG cannot delegate*
- E. A defined plan for helping clubs implement a corresponding Club Leadership Plan.*

Purpose

District 6860 developed the District Leadership Plan to:

- Provide a standard reference for District organization and how it operates in support of District Rotary Clubs.*
- Provide continuity of operations from year to year.*
- Provide a standard reference for current and future District leaders.*
- Provide standard operating procedures for the District Governor and staff.*
- Incorporate the District Policy Manual and link to the District Strategic Plan.*

The plan is designed to strengthen Rotary at the district and club levels by making possible faster and more responsive support for clubs, a larger supply of well-trained district leaders, improved participation in Foundation and district level RI activities, and a more challenging role for the DG as an innovative leader.

The DLP provides guidelines for the effective operation of the district. Should there be any conflict among this document, The Rotary International Manual of Procedure and The Rotary International Code of Policies, the RI documents shall prevail. Notify the DG of any conflict identified so that resolution action may be initiated.

The DLP was adopted by unanimous vote of the delegates to the Annual District Conference April 12, 2014.

District Vision

To be recognized locally and globally as The Premier Rotary District.

District Mission

To provide leadership through service to all Rotary Clubs in the District and to coordinate activities, encourage participation in club sponsored projects and programs, Rotary International Programs, support The Rotary Foundation, and provide training and development for all District 6860 Clubs.

District Core Values

Core values represent the guiding principles of the culture of District 6860. They guide our members' priorities and actions within the district.

1. Service

We believe that our service activities and programs bring about greater world understanding and peace. Service is the major element of our mission. Through the plans and actions of individual clubs, we create a culture of service throughout our organization that provides unparalleled satisfaction for those who serve.

2. Fellowship

We believe that individual efforts focus on individual needs, but combined efforts serve humanity. The power of combined efforts knows no limitation, multiplies resources, and broadens our lives and perspectives. Fellowship leads to tolerance and transcends racial, national, and other boundaries.

3. Diversity

We believe Rotary unifies all people supporting the ideal of service. We encourage diversity of people and vocations within our membership and in our activities and service work to fully represent our community. A club that reflects its business and professional community is a club with a key to its future.

4 Integrity

We are committed to and expect accountability from our leaders and fellow members, both in the results of our efforts and in the processes we use to accomplish our goals. We adhere to high ethical and professional standards in our work and personal relationships. We are fair and respectful in our interactions, and we conscientiously steward the resources entrusted to us.

5. Leadership Development

We are a global fellowship of business, professional and community leaders. We believe in the importance of leadership development and in leadership as a quality of our members. As Rotarians, we are leaders in implementing our core values.

6. Membership

We believe membership development and involvement is the key to success for our Clubs and the District. Recruiting members, who model service, provides continuity and the opportunity to expand the service and influence of Rotary in the community.

7. The Rotary Foundation

We believe all Rotarians must support The Rotary Foundation as it provides the means for local and international service projects. The Rotary Foundation makes possible such worldwide programs as polio eradication by entering into partnerships with other organizations and foundations and by attracting gifts from Rotarians.

8. Public Relations

Good Public Relations are key to the success of Rotary both locally and internationally. The world needs to know Rotary and Rotarians who perform service. We believe clubs must publicize the great work they do.

15. DISTRICT WIDE PROJECTS

Rotary Days

The Rotary Days concept is simple. All clubs are encouraged to host a fun, informal event in their community for the non-Rotary public and use it as an opportunity to introduce them to Rotary. Any club, large or small, can host a Rotary Day. Neighboring clubs can pool their resources and cohost the Rotary Day event. Rotary Days can take any form, as long as they are fun and appealing to the non-Rotary public. Hold an outdoor picnic or barbeque, host a sporting event or concert, or organize a family fun run. Align the event with a parade or festival; sponsor an event at a museum, art gallery, or cultural center. Secure an auditorium or arena and plan a ticketed reception or buffet dinner. Identify a hands-on project that all members can participate in to help their local community. Above all, make it fun!

Boiling and Bragging

The annual fundraiser is a District wide initiative, held in Birmingham, to raise funds for Children's of Alabama Critical Care Transport. Local celebrities serve as MC's and participate in fun events such as a corn hole tournament and football trivia. Prizes, hotdogs and hamburgers on the grill and a low country boil bring out the best in attendees! 10 tailgate teams had tents at the event this year including Alabama, Arkansas, Auburn, Georgia Tech, Mississippi State, Ole Miss, Southern Miss, Tennessee and UAB. All event proceeds go to Critical Care Transport unit of Children's Hospital.

Spain – Hickman – Estess Scholarships

The Spain-Hickman-Estess Scholarships are awarded annually to three deserving international students, one each from the University of Alabama (UA), the University of Alabama at Birmingham (UAB) and the Jacksonville State University (JSU). The scholarships are awarded in memory of the three distinguished Rotarians from our Rotary District who have served as President of Rotary International. They are Frank Spain, Roy Hickman, and Glenn Estess, Sr. Specific criteria for the award of the scholarships are set by the universities with input from our Rotary District clubs responsible for ensuring these awards. The district budgets \$3,500 for each scholarship annually.

It is the responsibility of the three rotary clubs including the rotary clubs of Tuscaloosa, Shades Valley, and Anniston along with the District Governor to ensure that each of these scholarships are awarded annually. Criteria for each of the scholarships include:

- *Student currently attending one of the three universities*
- *Student is **an** international student*
- *Student is a Junior or Senior in academic standing*
- *Outstanding academic achievement, community involvement and leadership may be considered in selecting the recipient.*

The Rotary Club of Tuscaloosa will work with the University of Alabama to determine the UA recipient of the scholarship. The Rotary Club of Shades Valley will work with the University of Alabama at Birmingham to determine the UAB recipient of the scholarship. The Rotary Club of Anniston will work with Jacksonville State University to determine the recipient of the JSU recipient of the scholarship.

For each of the three scholarships awarded, the recipient's name is sent to the District Governor with information about the student(s) receiving the scholarship along with a request to send a check(s) payable to the appropriate academic institution with the student(s)'s name/account number listed on the For line of the check. Check(s) are mailed to the appropriate office and deposited into the student's school account to be applied toward their tuition, textbooks and/or fees.

16. DISTRICT ELECTIONS

A fundamental principle of Rotary is that the best qualified candidate should be selected for service in elective offices. Therefore, election procedures in District 6860 will follow Article 13 of the RI Bylaws as described in this section. The Bylaws prohibit any effort by a candidate, a candidate's supporter, or any Rotarian to influence the selection process in a positive or negative manner, including but not limited to campaigning or canvassing. Rotarians must avoid any actions designed to gain visibility, publicize candidate names and achievement, or give anyone an unfair advantage over another.

District Nominating Committee

The Immediate PDG shall chair the nominating committee. The nominating committee shall be composed of at least two additional PDGs, and a representative from each of the District 6860 Assistant Governor Groups. No two members may be from the same AG Group. The current DG shall appoint the nominating committee. Members serve a one year rotating term.

The DG shall issue, or cause to be issued, in the name of the nominating committee, an announcement inviting any club to submit its suggested candidate for consideration. In order to receive such consideration, such suggestion must reach the nominating committee before a date to be determined and announced by the DG. Such announcement by the DG shall be made to the clubs in the district at least two months prior to the cut-off date and include the address to which suggestions shall be sent. The suggestions shall be submitted in the form of a resolution adopted at a regular board meeting of the club naming the suggested candidate and properly certified by the club secretary.

The nominating committee will deliberate and select a nominee without others present during the voting. However, it is reasonable that District Leaders will discuss with other Rotarians the strengths and weaknesses of candidates without the appearance of campaigning or choosing a "favorite son or daughter".

Selection of District Governor

1. *The nominating committee for DG shall seek out and propose the best available candidate for DGN. This committee must select the nominee for DG not more than 36 months, but no less than 24 months, prior to taking office.*

20. APPENDICES

- A. *Emergency Communication Plan***
- B. *Risk Management***
- C. *District Fees and Payment Policy***
- D. *Youth Protection Policy***
- E. *Rotary Foundation District Grants and Global Grants***

Appendix A – Emergency Communication Plan

The DG announces implementation of the Emergency Communication Plan to the District Executive, Vice-District Governor, Assistant Governor Coordinator, Family of Rotary chair and AGs via email or other means including, landline telephone, cell phone, or courier. The Assistant Governor Coordinator calls each AG as a backup plan in case email is not working.

Assistant Governors contact club presidents via phone call and email within 24 hours. If it is too early to gather sufficient information, they make contact again within 48 hours.

The Assistant Governors then compile the information and call the DG with information about affected clubs. The AGs also send an email to the DG, copying the District Executive, the Assistant Governor Coordinator, and the Family of Rotary chair.

The District Executive will provide the District Governor with any supplementary information that they receive during the event. He may also provide public service radio announcement focused on Rotary District support operations including times and places to report.

The DG calls affected club presidents and also contacts the RI zone director to inform them of the situation.

The DG issues a memo to the district within 48 hours of implementation. The purpose of this memo is to make people aware that work is being done. It may include an official position on how assistance can be provided to those in need (if that is known at this early stage).

The Assistant Governor Coordinator compiles a complete list of affected clubs and members, if appropriate. This information is then shared with the DG, Vice-District Governor, District Executive, and the Family of Rotary chair.

The Assistant Governors visit their affected clubs as soon after the event as possible. The DG will try to visit as many affected clubs as possible.

The DG issues a summary newsletter to the district at the conclusion of the event. This action will close out the Emergency Communication Plan.

Appendix B – Risk Management

Since Rotary's inception Rotarians have been involved in thousands of successful projects with minimal negative results or negative feedback. We are involved in activities worldwide with very positive results for the community, Rotary and Rotarians. However, we are living in a world that perceives the need for more accountability. Thus, there is a need for audit trails of the decision making processes, particularly where there are risks, real or perceived.

District Committees and Rotary clubs with a risk management strategy can better manage their projects and activities. They can be more comfortable that they have done their best to avoid, mitigate and/or manage risks and know that there is an audit trail proving this. Members can be organizers and participants in projects and activities knowing that the likelihood of being involved in claims of any nature is minimal.

- *Rotary is committed to providing a safe and secure club environment that enhances the achievement of The Object of Rotary.*
- *Risk management is the process of analyzing the organization's exposure to risk or loss and taking steps to minimize those potential (or real) losses to levels acceptable to the organization.*

Policy for District 6860 Committees

1. *It is a policy of Rotary District 6860 to implement a formal process of examination, assessment and management of risks associated with Rotary activities.*
2. *It is the Policy of Rotary District 6860 to offer and strongly recommend the adoption by Rotary Clubs of this Risk Management Procedure for Club Projects and Activities.*

Policy Objectives

- *To minimize the exposure of any person to personal and financial losses as a result of being involved in Rotary Activities.*
- *To provide Rotary Members with an appropriate Risk management tool.*
- *To protect and enhance the good name of Rotary throughout the community.*
- *To ensure that Rotary Activities comply with the legal obligations imposed on such organizations by Government regulations.*
- *To ensure that Rotary Activities comply with the Objects Policies and Procedures of Rotary International.*

There are three drivers for risk management:

1. *Reputation - all projects taken on by Rotary must enhance and continue Rotary's good name and high standing in the community.*
2. *Cost - unless risks are mitigated (and demonstrably so), the cost of liability insurance premiums will continue to rise which will result in increased costs to members. In the extreme, suitable insurance may not be available at all.*
3. *Compliance with Health, Hygiene and Safety regulations at Local, State and Federal Government levels.*

Risk management demonstrates to the community that Rotary is a professional organization that values the safety and security of all involved in a project. Risk management

demonstrates to insurers and others that Rotary is conscious of the need to manage its affairs in a responsible manner with the ultimate aim of being a responsible and desirable client. Risk management demonstrates to government that Rotary is a reliable and responsible organization when seeking permits.

1. Risk Identification: What can go wrong?

- List each part of the project.
- Don't assume anything.
- Don't omit any potential risk

2. Risk Assessment:

- How likely is it? Would it be serious?
- Likelihood? Low, medium, high.
- Seriousness? Nil, slight harm, death.

The combination of these, leads to your plan

3. Develop the Plan:

- What should be done about the risks?
- Training, barriers, signs, covers etc.
- Give it to an expert to look after, perhaps.

If necessary, leave it out altogether!

4. Implement the Plan:

- Manage the risks
- Disseminate the plan.
- Order the gear, assign roles etc.
- Train volunteers as required in plan.

5. Monitoring:

- Check to ensure the plan is carried out
- Check to see all staff are in attendance.
- Check to see all measures are in place.
- Review the plan after the event, for future refinement and/or improvement.

A Risk Management Form is included in this section.

This form is a tool, allowing the Club or Committee to identify, assess and address risks associated with each project undertaken. Review comments should be included on the form after the project is completed so as to inform organizers of a similar project in the future.

Risk Management Officer

Clubs and Committees should assign the task of risk management to a particular person or to a small committee. As the task is to be carried out for each project, it is advisable to have a trained person or committee carry out this function because a trained person can often provide a new insight into project planning.

- Accident/Incident Reports

Details of accidents/incidents that have occurred at Rotary events should be recorded in writing and/or photography. Layman's language may be used (technical terms not required) including details of any witnesses and their contacts. Witness written statements should be attached. Record any use of medical staff, ambulance or hospitalization. Finally, detail any reports made to/or requested by outside authorities.

- *Record Keeping*

Risk Management documents prepared by Rotary Clubs and District Committees must be filed and stored securely after use. RM documents for District Committees are to be made available for perusal by the DG (or delegate) or the District Insurance Officer at any time.

- *Insurance*

Please check with the District 6860 office for any questions. In general terms, Rotary activities include activities such as meal meetings, BBQs, international and community projects and fund raising.

A description of the General Liability Insurance Program, including Directors and Officers, is available at this link: <https://www.rotary.org/myrotary/en/us-rotary-club-and-district-liability-insurance-program>

Classification of Risks

There are a number of “risks” associated with Rotary’s activities some of which are:

- *The risk that Rotary might injure someone, damage property or incur a liability through actual or perceived negligence (lack of due care) on the part of a Rotary Club, Rotary District or Rotary organization or its members. Some but not all of this risk may be covered by the District Insurance Policy.*
- *The risk that a particular project does not achieve its desired goal-or worse, that money is actually lost on the venture - sometimes called business or opportunity risk.*
- *The risk of personal injury or sickness for one or more of its members or associates whilst in Rotary service locally or elsewhere.*
- *The risk of damage to Rotary’s reputation and loss of goodwill from the public at large.*

“Risk” can be best managed by the proper use of a formal risk management procedure.

Acceptable Risk

The level of acceptable risk will vary from activity to activity and from person to person. In general however Rotary and Rotary members should not accept any risk that is greater than that acceptable to that individual in normal life.

If you have any doubts, go with caution and seek the advice of others.

Clubs will set minimum criteria for their activities based on their assessments of the risks. For some Club level activities, Districts may recommend certain levels of risk acceptance, but final decisions are made at Club Board level.

Responsibility for Managing Risk

The responsibility for managing risk ultimately rests with the chief executive of the organization. In Rotary District 6860 that responsibility can lie in two areas. For District Activities it is the DG. For Club Activities it is the Club President. The club President should seek assistance from their Legal Advisor. **The District does not have responsibility for Club-Level Risk Management. The District strongly recommends that the Club's Risk Manager be a Board position and that this responsibility be assumed by the President-Elect.**

Where more than one club is involved one president must take overall responsibility. At Club level the President may delegate risk management responsibilities to any member within the Club; however there is an expectation that a board member will be appointed to fulfill this role each year.

EXAMPLES

- **Example of a District Risk:**

- Risk Identification : District Conference could lose money
- Management: Who is authorized to commit and spend District funds? What are the limits of the authorization? For what purposes? With whom do they have to clear expenditures?
- Transfer: Can some of the risk of loss be assumed by the service providers? Hotels, food suppliers?
- Mitigation: Appoint an event planning sub-committee staffed by people with expertise in arranging for and managing major events. Among the experiences and skills will be: event planning, contract review, etc. The event chairs and event committees will continue to do the detailed work of planning and producing specific events, but this sub- committee would serve as consultants.

- **Example of Club Risk:**

- Risk Identification: Club wishes to take Interact students to Mexico. What are all the potential risks?
- Who is responsible for physical injuries, kidnapping, etc? Bad behavior on the part of children or adults? Damage to Vehicles or property?
- Management: Who is in charge? Who have they discussed this with?
- Transfer: Can risk be transferred through insurance? Mexican vehicle insurance? School health care?
- Mitigation: Have the adults gone through youth training? Are parents going to accompanying the children?

Statement of Conduct for Working with Youth

Rotary District 6860 strives to create and maintain a safe environment for all youth who participate in Rotary activities. To the best of their ability, Rotarians, Rotarians' spouses, and partners, and other volunteers must safeguard the children and young people they come into contact with and protect them from physical, sexual, and emotional abuse

Definitions

Staff - all officials and program volunteers that have any contact with youth or access to facilities

Youth - individuals 17 years of age or younger

Responsibilities

The District Governor is responsible for the supervision and control of all Youth Programs within the district. The District RYLA Coordinator, Youth Exchange Officer, and the Youth Service Chair are under the supervision of the District Governor. The appointed District Youth Protection Officer is under the supervision of the Youth Service Chair.

Upon receipt of a candidate's name wishing to participate in a short term or long term Youth Exchange, the Youth Exchange Chair will notify the District Governor, Youth Services Chair and Youth Protection Officer before the process moves forward to enter the candidate into a Youth Exchange program.

The Youth Service Chair will arrange a meeting with the sponsoring club's board and explain in detail the importance of the responsibilities involved with hosting a Youth Exchange student. Special emphasis will be placed on the steps involved should there be any incidence of impropriety involving the student. Clarification will be given to the importance of reporting these types of incident on a timely basis, as well as, who should report them, and to whom.

Copies of the International Youth Exchange and Appendix D – Youth Protection Policy from the this plan will be provide to the club board and sponsoring family of any Youth Exchange student.

Youth Service Chair will ensure parents receive regular written information about the programs content and schedules; feedback regarding their child's participation in program including behavior and general health; and an introduction to the program staff.

The Rotary District 6860 will promote positive values and youth protection strategies in its programs, facilities, with parents and in the community. The Rotary District 6860 Youth

Protection Officer may offer educational information and resources for the community, parents and youth through workshops, programs, and the use of printed and/or audio-visual resources.

Sexual Abuse and Harassment Prevention Guidelines

All Rotarians and Clubs should follow the above statement of conduct for working with youth and the following Rotary International guidelines for abuse and harassment prevention established by the general secretary.

- 1. Rotary International has a zero-tolerance policy against abuse and harassment.*
- 2. All potential youth program staff must complete and sign a written application form that includes a release allowing the Rotary District 6860 to conduct a background information search, if necessary. The application will request basic information from the applicant and will inquire into previous experience with children, reference, and employment information.*
- 3. A personal interview will be conducted with the applicant by Club President to discuss the position and the applicant's talents, qualifications and abilities. Multiple and/or group interviews may be conducted as appropriate.*
- 4. All staff will receive an orientation that includes review and receipt of the Rotary District 6860 Code of Conduct, review of policies related to safety, transportation, prevention and reporting of child abuse and emergency procedures. Staff training and orientations will be updated and refreshed each year. Documentation of all training will be maintained in each individual's personnel file.*
- 5. Supervision of youth, programs, facilities and staff will be designed to protect youth and staff at all times. (i.e.) A minimum of two staff should be assigned to each program and operating site.*
- 6. Parents will be allowed to observe programs at any time, as appropriate.*
- 7. An independent and thorough investigation must be made into any claims of sexual abuse or harassment.*
- 8. Any adult involved in a Rotary youth program against whom an allegation of sexual abuse or harassment is made must be removed from all contact with youth until the matter is resolved.*
- 9. Any allegation of abuse must be immediately reported to the Parents or legal guardians, the District Governor, the Youth Protection Officer, and the appropriate local authorities in accordance with RI's zero-tolerance policy.*
- 10. A club must terminate the membership of any Rotarian who admits to, is convicted of or is otherwise found to have engaged in sexual abuse or harassment. A non-Rotarian who admits to, is convicted of, or is otherwise found to have engaged in sexual abuse or harassment must be prohibited from working with youth in a Rotary context. A club may not grant membership to a person who is known to have engaged in sexual abuse or harassment. (Upon obtaining information that a club has knowingly failed to terminate*

the membership of such a Rotarian, the RI Board will takes steps to have the Rotarian's membership terminated, including action to terminate the club's charter for failure to comply).

- 11. If an investigation into a claim of sexual abuse or harassment is inconclusive, then, for the safety of youth participants and the protection of the accused, additional safeguards must be put in place to assure the protection of any youth with whom the individual may have future contact. If there are subsequent claims of sexual abuse or harassment, the adult shall be permanently prohibited from working with youth in a Rotary context. Regardless of criminal or civil guilt, the continued presence of the adult could be detrimental to the reputation of the organization and could be harmful to youth. It can also benefit the adult in preventing additional accusations from other youth. A person who is accused but later cleared of charges, may apply to be reinstated to participate in youth programs. Reinstatement is not a right, and no guarantee is made that he or she will be reinstated to his or her former position.*

Overview

This District 6860 Policies and Procedures Supplement outlines the policies and procedures that District 6860 will undertake to comply with requirements The Rotary Foundation specifies in the District Memorandum of Understanding. Additionally this document outlines the steps that the clubs of district 6860 will undertake to comply with district 6860 requirements as outlined in the Club Memorandum of Understanding (Club MOU). District 6860 will provide training, support and assistance to clubs in District 6860 to become a qualified club and to apply for global and district grants. This document is intended to be used as a reference in

conjunction with TRF Grant Management Manual, and Terms and Conditions for Rotary Foundation District Grants and Global Grants.

Grant Funding and Allocation Policy

District Grants

The district will request up to the maximum amount allowed for District Grants (currently 50% of the SHARE amount). In order for the district to obtain the maximum amount, clubs will be required to submit applications to the District Grants Committee by July 15 of the program year.

Each club that meets the criteria as outlined in the TRF Grant Manual and District 6860 Policies and Procedures Supplement (i.e. qualified club) will be eligible to apply for district grant funds. A maximum award amount will be determined annually by the program year DG and District Rotary Foundation Chair (DRFC) based on available DDF for the program year.

Global Grants

Global Grants require a minimum project size of \$30,000, and accordingly, a sponsoring club is encouraged to seek assistance and group collaboration from other clubs within the district. Only one club can be the lead and that club must be qualified to submit and manage a global grant.

Clubs wishing to apply for Global Grants must consult with the DG and DRFC before DDF funds will be committed for a Global Grant project. District 6860 will match club cash contributions 1:1 with DDF contingent upon the availability of DDF and upon approval by the program year District Governor. The District Governor has the discretion to allocate additional DDF for clubs contributing more than \$50,000 in cash, contingent upon availability of DDF.

Requests for DDF in support of global grants must be made in writing to the District Governor and District Rotary Foundation Chair by the Club President. Provide a brief description of the project, list partner club(s) name(s) and district number(s), amount of DDF requested, and verification that the clubs has raised funds for a cash contribution to the Annual Fund in the amount of DDF requested for the grant. If other clubs in D 6860 are contributing cash contributions to the project in support of the DDF request, list the clubs and amounts they are each contributing.

Clubs are required to commit a cash contribution in the amount of DDF being requested for the global grant. These funds will not be used for the budget of the grant but should be submitted to the Annual Fund of TRF once the global grant has been approved. Cash funds from the club(s) must be in addition to, not in lieu of, the club's regular giving TRF Annual Fund.

In addition, clubs in District 6860 may have only one open global grant at a time. DDF for additional global grants will not be approved until previous grants have been completed and closed out. This funding model is specific to District 6860. Other districts may award DDF to clubs based on their own established criteria.

District 6860 Club Cash Contribution	District Designated Fund Match
\$7500	1:1

Examples of Funding for Global Grants:

Club Cash Contribution to TRF Annual Fund	District Designated Funds	World Match from TRF	Total
\$15,000	\$15,000	\$15,000	\$30,000
\$30,000	\$30,000	\$30,000	\$60,000
\$100,000	\$100,000	\$100,000	\$200,000
\$200,000	\$200,000	\$200,000	\$400,000

Global Grants

Rotary Foundation Global Grants support larger, international projects with sustainable, measurable, high-impact outcomes in one or more of six areas of focus that correspond to the Foundations’ mission.

*Peace and conflict resolution/prevention
Water and sanitation
Education and basic literacy development*

*Disease prevention/treatment
Maternal and child health
Economic and community*

Global grants that are developed by clubs and districts will receive a match from the Foundation’s World Fund. These grants can be used to support humanitarian projects, global scholars or vocational training teams. Qualified districts/clubs must sponsor global grant projects with other qualified districts/clubs. Non-qualified clubs/districts are not eligible for global grant funds. Global Grants have a minimum World Fund Match of \$15,000 and maximum of \$200,000.

Global Grant Application Review Procedures

Applications are accepted by The Rotary Foundation only through the on-line web portal on a rolling basis throughout the year. It is strongly suggested that clubs consult with the district’s Global Grants Subcommittee Chair and DRFC throughout the process to help ensure the project meets the guidelines established by TRF and the district. Even though applications are

submitted to TRF for approval; the DG and DRFC have final approval of DDF funds provided in support of the project and must authorize the grant application.

Additional Items for Global Grants

- *Clubs must be current with Rotary International and District dues and any other district financial obligations*
- *Clubs must be current on all Global Grant and District Grant reports*
- *Minimum overall project size is \$30,000*
- *Application must follow all TRF grant requirements and timelines*
- *Club must be qualified with a current MOU on file at the district level*
- *Global Grant requests can only be submitted through the on-line RI website portal*
- *Guidance from the Global Grant Subcommittee prior to and throughout the application process is highly encouraged*
- *The club must request DDF in writing to the DG and DRFC*
- *The Host Country Club and Host Country District must both be qualified as stated under the Terms and Conditions for District Grants and Global Grants and Club MOU*

District Grants

- *District grants fund small-scale, short-term activities that address needs in your community and communities abroad. Each district chooses which activities it will fund with these grants. For international projects, Clubs are encouraged, but not required to partner with a local host district or club.*
- *District grants may be used to fund a variety of district and club projects and activities including:*
 - *Humanitarian projects, including service travel and disaster recovery efforts*
 - *Scholarships for any level, length of time, location, or area of study*
 - *Vocational training teams, which are groups of professionals who travel abroad either to teach local professionals about a particular field or to learn more about their own*

District Grant Application Review Procedures

District 6860 will implement a system of training clubs and accepting applications for district grant funds. Clubs must complete annual qualification requirements prior to submitting a grant application(s). Applications must be submitted by July 15 of the program year in which the project is proposed. Applications submitted after the July 15 deadline will not be considered.

For each program year the DRFC and DG will determine the maximum amount that a Club may request in DDF for district grants. This maximum limit will be based upon the available DDF for district grants for the program year. The District does not guarantee that Clubs will

receive the maximum award requested for district grants and should plan accordingly to adjust project budgets as needed in the event that the grant is not fully funded.

Applications for District Grants will be reviewed by members of the District Grant Subcommittee. Upon successful review, the District Grants Subcommittee will submit recommendations for approval to the program year District Governor (DG) and District Foundation Chair (DRFC) for final submission to The Rotary Foundation (TRF).

The process of approval of grant applications and submission to TRF may take several weeks. Clubs must not begin implementing their projects until they have been notified that their grant has been approved. Subject to TRF approval of the District Block Grant requested, district grants funds will be mailed to sponsoring clubs once funds have been transferred to the District Grant bank account.

The District Grant Application Process

Only qualified clubs may apply for district grants (see section on Club Qualification in this District Policies and Procedures Supplement)

- *The maximum amount of funding that a club may request is established annually by the DRFC and program year DG.*
- *Clubs may submit more than one application. The combined total request for the all grants may not exceed the maximum award limit established for each club.*
- *Qualified clubs must submit their applications through the DaCdb grant module. Hard copies, faxes, or applications via email or snail mail will not be accepted.*
- *Clubs should submit final reports for the grants as soon as completed. All projects must be completed and **reported on by June 15 of the program year in which the grant was awarded.***
- *Clubs may begin planning, but must not begin implementing their projects until officially notified by the District Grant Subcommittee that their project has been approved for funding by The Rotary Foundation. Expenses incurred prior to approval of the grant cannot be reimbursed.*

District Grant Applications for DDF will be evaluated and recommended on the following:

- *Project supports the mission of The Rotary Foundation*
- *Adherence to the Terms and Conditions for Rotary Foundation District Grants*
- *Qualification of proposing Club by the District*
- *Impact on the community*
- *Per capita giving to the Annual Fund*
- *Involvement of Rotarians, Rotaract and Interact clubs in the project*

- *Proportion of Club funds that will be contributed to the project in relation to the amount of DDF requested*
- *Promotion of Rotary awareness locally*

Use & Reporting of District Grant Funds

District Grant funds may only be used for expenses as approved in the club's district grant application. Any changes in the intended use of grant funds must be approved in advance by the District Grant Subcommittee Chair, DRFC, DG and TRF.

A final report is due for each grant within 30 days of the date that the project is completed, using the DaCdb grant module. Paid receipts, copies of checks and all other financial documentation must be presented with the Final Report to equal the value of the grant award.

*All projects must be completed and reported on **no later than June 15 of the program year in which the grant was awarded**. Clubs that do not meet this deadline must agree to reimburse the District for the grant amount unless an extension has been approved by the District Rotary Foundation Chair (DRFC). Failure to provide the proper documentation as outlined within the Grant Management Manual can result in a Club being required to return the Grant Award to the District and disqualification in the next program year for receiving a Grant.*

Reporting and Resolving Misuse of Grant Funds

All reports of misuse of Grant Funds will be tracked, investigated and resolved by the District Rotary Foundation Chair in collaboration with the District Grant Audit Committee. The procedure used will be as follows:

All reports of misuse of Grant Funds must be signed by one or more individuals involved or having knowledge of the District's grant activities. The District Rotary Foundation Chair will conduct an investigation into all reports of misuse of grant funds.

The District Rotary Foundation Chair will acknowledge receipt of the written report of misuse in writing, and copy the District Governor and the District Grant Audit Committee Chair.

The District Rotary Foundation Chair and District Grant Audit Committee will conduct an investigation and produce written progress reports not less frequently than monthly after its receipt of the report of misuse, with a final written report within ninety (90) days of the receipt of the misuse of funds unless an extension of thirty days or less for filing is authorized by the District Governor for good cause.

This report shall be submitted to the District Governor and to the person or persons who made the Report of Misuse.

In the event that the District Rotary Foundation Chair and District Grants Audit Committee determine that there was misuse or irregularities in any grant related activity, the Final Report must be submitted to The Rotary Foundation to include a determination as to how the District should act to fairly and equitably resolve the situation.

No new grant applications will be approved for any club, individual, or organization with reported misuse of funds or irregularity until the situation has been resolved.

For grants paid through the District Grant Account, payment will be stopped for activities, clubs individuals or organizations with reported misuse or irregularity until the situation has been resolved.

After investigating and determining consequences, the District Rotary Foundation Chair will report any potential misuse or irregularities in grant-related activity to TRF and indicate how the district will act to resolve the situation.

After a 6-month period, unresolved cases will be reported to TRF for action.

The district's grant subcommittee chairs (Global Grants and District Grants) will maintain detailed reports from clubs on the use of District Grant and Global Grant funds.

The District Rotary Foundation Chair shall provide a report annually at District Conference, and members of all clubs are invited to attend. Additionally, the DRFC will provide written reports for Fall and Winter Leadership meetings of the district Finance Committee, Council of Governors and general session. Bank Account for TRF Grant Funds (DDF Account)

The District will maintain a bank account referred here as the DDF Account, with a federally insured financial institution, in accordance with applicable law, to be used only for TRF Grant Funds.

All source documents related to DDF will be retained by the Treasurer, and will include but not be limited to:

Funds received from TRF from the 50% allocation of DDF funds for District Grants will be deposited into this account as well as any other funds related to District Grants that may come into the possession of D6860 if any should be received.

The account signatories will be the District Executive Director, the District Rotary Foundation Chair and the District Treasurer.

The signature of two of the three signatories is required on every check and withdrawal from this account.

Disbursements under \$500 may be issued with a single signature if approved in writing, including email, by one of the other two signatories.

Proposed changes in the use of District Grant funds will be submitted in writing to the District

Grant Committee for approval prior to any expenditure that is not in accordance with an original DDF Grant Application.

Grant funds not disbursed pursuant to approved District Grants must be kept in the DDF Account without diversion, except for direct payment for grant activities or to return funds to TRF.

One or more bank accounts may be opened as necessary in the case of a district managed Global or District Grant with numerous expenditures administered by someone other than the district treasurer. Such arrangements will be subject to the approval of the District Grant Committee.

Accounting

The set of accounts will be in sufficient detail to provide for an informative balance sheet and income statement for each class and type of DDF expenditure.

In most cases, the expenditures will be for disbursement to clubs for approved District Grants in those or other categories but may also be for District Grants managed at the district level.

In the case of DDF funded projects that involve numerous expenditures directly out of the grant account, appropriate subaccounts will be maintained.

If the district manages District Grants, then a separate set of accounts paralleling the accounts above should be established as applicable.

Entries to the chart of accounts will include appropriate references to source documents as applicable and should identify the specific grant for which the expenditure is related.

- *Treasurer will maintain/retain all of the aforementioned defined documents and records for no less than five (5) years*
- *All grant activities, without exception, must be in accordance with local law*

Club Qualification

The successful completion of requirements (including training and signing a Club Memorandum of Understanding) whereby a club becomes eligible to apply for grants through The Rotary Foundation.

SHARE

Through the SHARE system, contributions to The Rotary Foundation are transformed into grants that fund local and international humanitarian projects, scholarships, and activities, such as vocational training teams. At the end of every Rotary year, contributions directed to the Annual Fund-SHARE from all Rotary clubs in the district are divided between the World Fund and the District Designated Fund, or DDF.

At the end of three years, your district can use the DDF to pay for Foundation, club, and district projects. Districts may use up to half of their DDF to fund district grants. The remaining DDF may be used for global grants, or donated to PolioPlus, the Rotary Peace Centers, or another district. The program year District Governor determines how these funds will be allocated.

World Fund

The World Fund provides the necessary funding for our highest priority activities around the globe. While 50% of SHARE-designated contributions are applied to the World Fund, you can also direct your entire gift to the fund. The Foundation uses the money to pay for grant and program opportunities available to all Rotary districts.
