## STATE COLLEGE DOWNTOWN ROTARY CLUB ROTARY CLUB OF CHAMBERSBURG

On Thursday, May 4, 2024, the three Rotary Clubs of State College welcomed Oleksandr Kodola, Mayor of Nizhyn in the Ukraine. Kodola was in State College, PA to sign a Sister-City agreement with State College Mayor Ezra Nanes.

Hosted by the State College Downtown Rotary Club, members of State College's other two clubs, the State College Rotary Club and the State College Sunrise Rotary Club, were on hand at a luncheon to listen to Kodola speak about the difficulties his city is facing during the Ukraine-Russia war.

After a few remarks from Downtown Rotary President Don O'Connell,

Mayor Kodola spoke and then received gifts from the clubs including a hand-made quilt, chocolates and other Pennsylvania specific items. The Downtown Rotary Club also announced a grant of \$25,000 was received from Rotary International for relocating and helping Ukrainian war refugees in the area.

Pictured above is Kodola left and Downtown Rotary Club President Don O'Connell.

After all the outpouring of support, Ukrainian Mayor Oleksandr Kodola stated that after the war, he hopes to start a Rotary chapter in Nizhyn.

On the day after Arbor Day, volunteers from the Rotary Club of Chambersburg and four South Korean students at Chambersburg's

Wilson College planted 36 trees in two local parks, Mill Creek Park and Mike Waters Park. These were some of the 50 trees that the club was able to purchase thanks to a District Grant matched by local donations. The remainder of the trees were planted at the Ragged Edge Library and along streets in downtown Chambersburg. This initiative came out of Chambersburg Club's new Environmental Committee, formed last year in response to Rotary International adding a seventh Area of Service. The Chambersburg Club has planted hundreds of trees in and around Chambersburg, a Tree City USA, over the years, including 100 trees to celebrate the club's 100<sup>th</sup> anniversary in 2020.

## **MILTON ROTARY CLUB**

The **Milton Rotary Club** recently replaced the Rotary flag that is flown in Rotary Park, located at on South Front Street across from the Centre Towne Apartments in Milton, right before the Milton-West Milton River Bridge. replace annually on the bridge.” Replacement of the American Flags should commence during the month of May, in time for Memorial Day.

Candy Delong, whose father was a long-time Milton Rotarian and Past District Governor of Rotary, donated the new Rotary flags flown in Rotary Park, in memory of her father, William D. Karchner.

Rotary Park was conceived and designed by Rotarians to honor of the 100<sup>th</sup> anniversary of Milton Rotary and was dedicated on May 1, 2019. Milton Rotary's charter date in Rotary International was May 1, 1919.

## **POTTSVILLE ROTARY CLUB**

Allie Doran gave the Pottsville Club a presentation on

her two business ventures.

Miss Allie's Kitchen, started in 2016 when she was trying to come up with ways to cook Venison. Her husband Jared is a dedicated hunter, so she became an "accidental hunter's wife".

It started with searching the internet for recipes and experimenting on cooking venison. The recipes were successful and started accumulating. This led to her cataloging them and starting a food blog about them. It has expanded to a full online media company, including appearing on the "Sporting Chef" on the Sportsman's Channel. This led to the Cookbook, "Venison Every Day" in 2020. She is now known online as the Venison Cookbook Girl. All of the productions are done in her kitchen, but space is limited. So they started looking for a place to develop a studio, and settled on the old Nathan's building on North Centre Street in Pottsville.

Doran's other venture is Arrow Studio and Events. The new event space resulted from the search for the studio.

They renovated the street level floor for a catering event space and opened this year. The space can accommodate up to 200 people. They do event planning for the set-up etc. They can lease the space for small or large events, 7 days a week. Catering is by outside caterers and they have a recommendation list. Cost to rent the space varies and it is best to contact Allie by email about rates. Future plans are to renovate the 2<sup>nd</sup> and 3<sup>rd</sup> floor of the building but no particular plan yet.

## **STATE COLLEGE-SUNRISE ROTARY CLUB**

Former exchange student recounts the life-changing impact of Rotary.

The Rotary Youth Exchange program truly has the power to transform a life. Just ask Paulo Nami, who recently shared his story with State College Sunrise Rotary club.

Paulo grew up in the southern region of Brazil, where his father was a Rotarian in District 4630. He says he looked into several different possible exchange programs before deciding that the Rotary Youth

Exchange was the best option, given the opportunity for true cultural immersion and the comfort and safety of being supported in a host family home.

So in 2010, Paulo came to the United States for the first time at the age of 16. He was placed in a small rural town in central Pennsylvania, where he attended Bald Eagle Area High School.

“I instantly fell in love with the area. I was incredibly welcomed by the entire community. It felt like home from day one,” he says.

Much of the credit for his good experience has to go to his hosts, the Koleno family, Paulo says. His host mother, Becky Koleno, was a member of the Bellefonte Sunrise Rotary Club. Paulo says they bonded so well that he ended up living in their home for the entire length of his program, which is somewhat unusual.

At the end of the school year, Paulo returned to Brazil to start college, where he studied industrial engineering. During his junior year, he participated in an internship with a Brazilian microbrewery, where he ended up working for about four years, brewing award-winning beers.

Throughout the years, he continued to visit Pennsylvania as often as he could, and he says he always knew he wanted to eventually reside here permanently.

“It felt like the right thing to do. There’s a higher quality of living here. Something about the infrastructure and the way Americans do things, it tends to bring out the best in me,” he says. “Considering my circumstances, my education, my occupation, and given all my goals in life, I knew I would have a higher chance to achieve them all here.”

On one of his visits in 2019, he was introduced to John Shaffer and Lisa Harpster, who were planning to open a brewery in State College and were looking for a brewer. Paulo was a perfect fit. He made plans to fly back from Brazil to help them open the brewery in early 2020, when the pandemic hit. Not only was he stuck in Brazil, but the brewery had to push off its opening date by over two years.

During those two years, Paulo got married and had a son, finally returning in 2022 to become head brewer at Antifragile Brewing Company, which has quickly become a popular watering hole in downtown State College. He and his family have obtained their permanent residency cards and completed the immigration process.

Today, he is thrilled to call central Pennsylvania his home, and he hopes to someday have enough free time to devote to a local Rotary Club.

“Rotary has been a watershed for me and I want to be able to give back to the community and the organization. It’s something on my bucket list for sure,” he says.

Paulo encourages families and students to get involved with the Rotary Youth Exchange program.

“I think there’s a lot to be shared and learned between host family and exchange student,” he says. “It was something that was fundamental to my life. I owe a lot to it.”

## **ROTARY CLUBS OF BLAIR COUNTY**

Blair Chamber's BASICS (Businesses and Schools Investing in Cooperative Solutions) committee along with the six Blair County Rotary Clubs hosted this special event on April 19th at the Blair County Convention Center.

Each year, all high school sophomores at ten local schools: Altoona

Area, Bellwood-Antis, Bishop Guilfoyle, Central, Claysburg-Kimmel, Glendale, Hollidaysburg Area, Northern Bedford, Tyrone, and Williamsburg - are invited to participate in a Career Fair held at the Blair County Convention Center. Students can choose from among nearly 80 different career categories to help them to better understand what those careers are about and the type of preparation required to pursue them. Prior to the Career Fair, each student designates four career

interests and then is scheduled to meet with businesses and organizations representing those interests. Each career visit takes twenty minutes to complete. The event is co-sponsored by the BASICS Committee and the six Blair County Rotary Clubs: **Rotary Club of Altoona, Sunrise Rotary Club of Altoona, Tyrone Rotary, Hollidaysburg Rotary, Morrisons Cove Rotary, Claysburg Rotary.** The BASICS / Rotary Career Fair is considered the step on the career pathway just prior to Career Shadowing.

## **WEST SNYDER-BEAVER SPRINGS SATELLITE E-CLUB**

West Snyder-Beaver Springs Satellite (WSBSS) e-club's pilot project targeting the Philippines reached another milestone this month. Since last year, it has partnered with NewGen Peacebuilders (NGP) to incorporate peace education into the Junior High School curriculum in all campuses of Operation Brotherhood Montessori Center. OBMC offers a unique youth development program to develop responsible citizens.

Over 500 Grade 10 students enrolled and successfully completed the Youth and Peace in Action My Peacebuilder Foundations online course of NGP. A graduation ceremony was conducted between May 8-12, 2023 to recognize these certified young peacebuilders.

OBMC has committed to integrate the concepts of peace education into their Leadership Training subject starting Grade 7 to 10 and soon will also involve the senior high school students in Grade 11 and 12 in the implementation of their peace projects. This will make OBMC the first school in Asia to adapt this Rotary-initiated peace education program of NewGen Peacebuilders. This project will be presented by the NGP Executive Director Patricia Shafer and WSBS Satellite e-club President during the Rotary International Convention in Melbourne, Australia.

## ROTARY CLUB OF HUNTINGDON

It's spring, and Huntingdon Rotary has their community garden in full swing. Rotarians and community members helped our garden guru, Karin Tome spread mulch in the rain for our opening before our town's Mayfest Activities. The garden is adjacent to one of the signs welcoming visitors into Huntingdon. The garden is maintained throughout the year by many members of the Community Service Committee. This year we plan to expand this space to add even more pollinators because our club cares deeply about the environment, and ensuring a sustainable planet.

Pictured here are some pictures of our work, and Karin Tome, who took the time to talk about our project with visiting Altoona Sunrise Rotarian René-Paul Forier.

The Shepherdstown and Charles Town Rotary Clubs have joined forces to create a new in-school reading program in Jefferson County WV Schools. The program will be focused on the County's four Title 1 schools, schools that include a large number of children receiving free and reduced-price lunches. Rotarians from the two clubs will visit these schools several times a year to read a book to 1st

grade classes and then give each child in each class a copy of the book that was read. The children will be able to keep these books as their own and take them home with them. Next fall, the two Rotary clubs plan to resume the reading program in earnest and conduct four readings during that school year and in succeeding years.

## Third Annual District 7360 Foundation Walk/Four-Way Test Speech Contest

Come out and enjoy a leisurely walk in one of three locations. This year we have expanded the reach of the District Foundation Walk to include, from east to west in the district, Muncy, PA, State College, PA, and Chambersburg, PA. It will be held on Saturday, May 20<sup>th</sup>. Registrations will begin at 10 am and the walk will begin at 11 am. It will take about 20-30 minutes of *leisurely* walking in these communities. In Muncy and State College a lunch will be provided at the venue for \$10.00. In Chambersburg, you will be right next to the restaurant area of town and be given ideas for different types of eateries available.

This is a district fundraiser for the Rotary Foundation Annual Fund. Each club is encouraged to attend, having at least one representative come out, but the more the merrier! Prior to the walk, members are encouraged to commit an amount and/or have individuals sponsor them for the walk (the money each raises goes toward Paul Harris Fellow points). Since there is no distance to walk, it is that you are walking to raise monies to help to fund the many projects that are funded from our annual giving. The club with the most money raised will be the proud caretakers of the walking stick that travels to the winning club each year. A question has been asked, may corporations donate to the walk – the answer is yes, BUT the amount that they donate will not count toward the club total toward the walking stick but will toward the club total annual giving. Every penny helps others in our communities and around the world, so don't be shy, just ask.

Don't just attend to walk, also take a break between Mother's Day and Memorial Day to slow down for an hour or two, enjoy a nice stroll with old and new friends. Take time to meet others you may not normally have the opportunity to do. Take some time out to fellowship and explore a new area you may never have been to. This is intended to be for the whole family!

Finally, if you attend the Muncy walk, another exciting district event is occurring, the Four-Way Test Speech Contest. This is the finals for four students from around the district. It is always exciting and is usually only about an hour. Come out to hear what is on the minds of high school students today and how they defend it with the Four-Way Test. You always come away in awe. This will be at the First United Methodist Church in Muncy where the walk registration and lunch following will be held. The Speech contest will begin at 2 pm. This will give you time to return and have a leisurely lunch then enjoy four thought-provoking speeches.

What do I do now? Go to DACdb and go to the calendar, making sure you have selected the button that enables you to see the district events, and sign-up for the location where you will be walking. This gives the three venues an idea of how many walkers they will be expecting and which clubs will be attending their venue. Further details will be emailed to club presidents. Any questions, please reach out to Barb Morgan, by phone (call or text) 570-412-3368 or email [bjmorgan57@windstream.net](mailto:bjmorgan57@windstream.net). Checks should be made payable to The Rotary Foundation and put Annual Fund in the memo.
