## Focusing on the comfort and care of our members

August is Membership and New Club Development Month. One of [RI President Jennifer Jones' initiatives](#) is to focus on the comfort and care of our members, and Membership Month is the perfect time to make sure that your club provides a welcoming experience. Members are more likely to stay if we listen to them and understand what they want out of Rotary. Here are a few ideas for helping people feel valued and involved:

- Take the [Best Practices for Engaging Members](#) course to develop strategies for engaging people at all stages of membership, or the [Creating an Inclusive Club Culture](#) course to discover ways to become more inclusive, diverse, and equitable.
- Make sure your members know that they can develop their [leadership skills](#) with professional development courses.
- Help your club improve its member experience, service and social events, public image, and operations by taking the [Is Your Club Healthy?](#) course.

Remember that for any Learning Center course, you'll need a My Rotary account.

## **HUNTINGDON ROTARY CLUB**

Huntingdon Rotary was honored to host three Past District Governors, Dick Drukker, Sharon Benner, and Irvin Wright, to discuss the importance of mentorship in

Rotary. They discussed how different techniques, to include one-on-one, distance, and group mentoring, all have a place in Rotary Clubs, and how mentoring can positively impact membership. While some clubs use formal mentorship programs as a part of their membership process, others incorporate a more relaxed approach. No one size fits all, and it should be tailored to fit both the club and the individuals. Additionally, although mentoring may begin when an individual is still a prospective Rotarian, the mentors and approach will likely change over the years, and the process will continue throughout the life of each Rotarian. All three speakers were an inspiration. Pictured left to right are Susie Drukker, PDG Dick Drukker, Colleen McCloskey, Huntingdon club president, PDG Howard Benner, PDG Sharon Benner, Judy Wright, and PDG Irvin Wright.

## **SHEPHERDSTOWN ROTARY CLUB**

The Rotary Club of Shepherdstown WV is partnering with the Rotary Club of Santa Tecla, El Salvador, on a Rotary Global Grant project that will provide a reliable source of clean, safe drinking water for the El Salvadoran community of Casa Blanca.

The project will involve drilling a new well, constructing a delivery system, and training the community in the facility's maintenance and use.

The total cost will be \$112,000. The work is expected to be completed this year.

Currently, its 350 families, 1,400 residents, only have access to drinking water through a communal well in a neighboring community and must transport the water to their homes themselves in plastic containers. The photo above shows some of Casa Blanca's women and children gathering water in this way. The Rotary Club of Shepherdstown has been the prime US sponsor of the effort to give Casa Blanca a new well of its own. The Club's members have contributed nearly \$10,000 toward the project, and John Taylor, a member of the Club's International Service Committee, has done much of the organizational work.

## **SELINGROVE ROTARY CLUB**

The 29th annual **Selinsgrove Rotary** Charity Golf Classic is underway and committee members are enthusiastic about continuing their tradition of providing \$1000 scholarship grants to Selinsgrove High School students as well as funds for other local charities. Gary Gonsar, Tournament Chairman, noted that throughout the past 29 years the Selinsgrove Rotary has awarded \$70,000 in student awards and \$103,000 to area non-profit organizations serving the greater Selinsgrove community.

Luke Berkoski, pictured right, is the son of Charlie and Joanne Berkoski, and a 2021 Selinsgrove High School graduate. He was awarded one of the Rotary Scholarships and is now attending Penn College, enrolled in the welding program, which he commented “was a dream come true. Since my sophomore year at Selinsgrove High, I’ve only wanted to focus on welding as my career and with the help of the Rotary Scholarship I’m now pursuing my goal. The scholarship is allowing me to follow my heart, makes me feel good about myself, and the fact that others respect my dedication and hard work is its own self reward” Luke commented. Graduating from Penn College in 2023 Luke said his plan is to move West, “maybe Montana,” and seek employment in the oil or energy field.

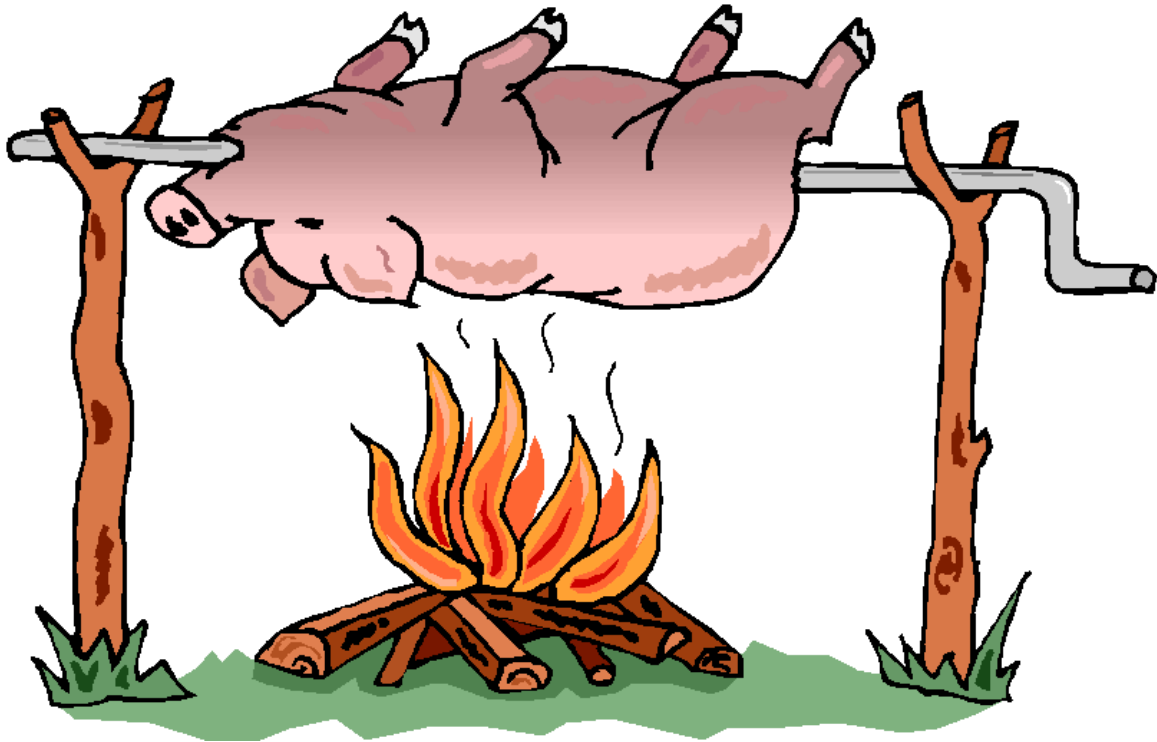

Included among the charities who have received funds from the proceeds of the golf tournament are the Selinsgrove Swimming Pool, East Snyder Recreation Complex, Kidsgrove, Snyder County Midget Football, Snyder County Libraries, SASD Track and Field, Summer Seals Day Camp and Everyone’s Playground.

“Rotarian’s are enormously proud of the impact our golf tournament has had in the lives of young people and others served by the various charities who help contribute to the enrichment of the Selinsgrove area community” said Gonsar. “This year half of our net revenue from the tournament will be divided between Everyone’s Playground handicapped comfort station project and the Rotary Scholarship Endowment at the Giving Foundation, Selinsgrove” he concluded.

John B. Fischer, a 50 year member of Rotary, commented that Don Summers, Sr., Vice President of the former Sunbury Textile Company, originally suggested the formation of the tournament and said he would co-chair if John would join him. “Ultimately, we were able to form a working committee comprised of Art Bowen, Tom Gates, Norm Lauer and Bob Soper. Never in our wildest imaginations did we consider the tournament would continue to grow and become not only an extraordinary success but benefit the community in so many wonderful ways. The vision of those original founders back in 1993 serves as an enviable example of what great things can be accomplished when people of good will and honest intention work together with service above self as their compass” Fisher said.

The 2022 Rotary Charity Golf Classic Tournament will take place Monday, September 12, at the Susquehanna Valley Country Club. For additional information please contact Gary Gonsar at [gbgonsar74@gmail.com](mailto:gbgonsar74@gmail.com) or 570-898-5441.
