

## Blue Ridge Mountains Rotary Club

### Corporate Member Option

January 2024

There are two membership options within the Blue Ridge Mountains Rotary Club: the Individual Member, and the Corporate Member.

Important highlights to consider for the Corporate Membership:

- The Corporate Member will be the Rotarian. They will be allowed to designate a secondary member, who may attend meetings and/or events in their stead when they are not able to attend.
- The secondary member may attend with or without the primary member (Rotarian), and be charged as a guest when in attendance with the Rotarian. The guest breakfast fee is \$20.
- The primary member (Rotarian) must adhere to the traditional membership attendance goal of 60% attendance, and complete orientation and participation requirements. The secondary member attendance or participation will not count towards the primary member's totals.
- Corporate Member dues will be 25% more than standard member dues are at the time.
- The secondary member is invited to orientation, but will not be required to be oriented in the same way that a primary member does; they are viewed more like a guest in that sense.
- Existing Individual members will be allowed to apply for Corporate Membership, and transition upon board approval.

Contact the Membership Committee, your Sponsor or the sitting Vice President with questions.
