WELCOME TO ROTARY

NC COASTAL FEDERATION VICTORIA BLAKEY - COASTAL SPECIALIST

Since 1982, the Federation has been in the field restoring miles of coastline; training and educating students, adults, and communities to take actions that result in cleaner coastal waters and advocating for an accessible, healthy, productive coast. Understanding the need for long-term coastal management, the Federation remains a collaborative, grassroots organization at its heart and brings together traditional and nontraditional organizations, government agencies, and businesses in order to achieve what is best for the North Carolina coast and to leave a legacy of clean water for future generations.
