To: Donna Petty, President
Southside Tulsa Rotary

Hi Donna,

Congratulations again to the Tulsa Southside Rotary for winning the Partners In Education Dedicated Partnership award. Attached is the photo from the event and the description that was read before the award was presented is below.

Dedicated Partnership Award:

Known for providing essential learning material for every student in the district, this partner also assists its school by collecting new and gently used books for teachers' classroom libraries, attending community leadership meetings, serving as test monitors and allowing and encouraging student participation in its events. This organization also provides numerous teacher appreciation gifts, on-site meals for administrators and staff and professional development opportunities. Congratulations to **Tulsa Southside Rotary** as the winner of this year's Dedicated Partnership Award.
