Due to circumstances beyond our control (and some p\*\*\* poor planning from our leader), we will be FORCED to have this week's meeting at S&S Manufacturing (Guy Jakabowskis' shop) at 3305 Washburn Way, behind Basin Tire. Wear super-warm clothes (he's too cheap to turn the heat on) but make sure they are old, as the shop is a greasy, dirty pigsty and littered with half-finished jobs! Bring a sandwich and a chair as Melissia refused to serve in such a mess, and you DON'T want to sit on the floor in this place! Hearing protection might be a good idea also, as there will be lots of banging, shouting obscenities and noise throughout the meeting

the Board for the OIT Vascular Program and is active in the Order of the Antelope, raising money for the Hart Mountain national Antelope Refuge, and in the Masonic Order.

Jason says his uncle Barry, always enjoyed Rotary so once he had a career that allowed him to get more involved, Rotary was his first thought. He enjoys the weekly programs that keeps him in touch with our community and the opportunity to participate in our club's projects.

Please see Alan Eberlein and get him your profile.
