

## **Paris Club Brightens Courthouse Square**

The Paris Rotary Club recently helped to brighten the Paris Courthouse Square by decorating one of the many trees the city places there each year during the Christmas season. This has been an ongoing project that the Paris club has participated in for many years. The tree has had several different themes over the years from Cowboys to Patriotic. This year, however, it is all about Rotary. Former President Corey Wells was very instrumental in getting the decorations made and purchased. Some of the children from the Paris Boys and Girls Club, colored the Rotary Wheels. The wheels were laminated along with several pictures of Rotary projects. The club added in more Blue and Gold decorations to make a very beautiful Christmas Tree. Club members who helped with the decorating were Corey and Jill Wells, Tina Forst, Mary Harrison, Nick Dollar, and Mickey Oates.
