

January Meetings

GLARC happily inducted Dave Flook back into our club. Welcome back, Dave!

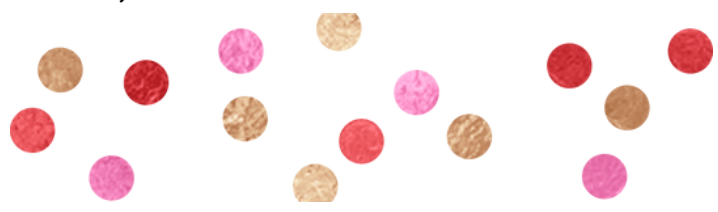

Rotarians Sharon and Dan Wherry shared how they were able to help install 45 life-changing water wells in Zambia, and their inspiring journey was beautifully captured in a pictorial presentation.

Navigating Medicare can be tricky. Thanks to Miranda Pearson who works for The Area Agency on Aging - Michigan Medicare Assistance Program (MMAP), for sharing her insights.

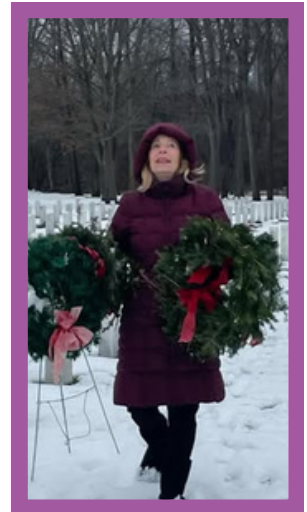

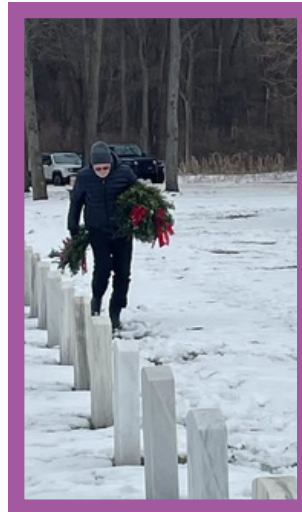

Brian Shultz of The Puppy Playground says it's the happiest place he's ever worked. His two labradoodles (Birdie and Bunker) loved exploring our meeting and getting petted along the way. Membership gives you access to the dog wash stations, park, kennel, daycare, groomer, group classes, etc.

Community Involvement

Thanks to Gull Lake Area Rotarians who helped pick up Christmas wreaths on veteran graves.

GLARC is happy to support the Magenta Girls Initiative which offers educational and economic opportunities for at risk girls around the globe.

GLARC supported students to attend the "My Guy and I (mother-son) Glow Dance." One invited both his mother and stepmother. Many commented on how wonderful it was to spend time with their guy!

Rotarians were gratified to pack 400 boxes with fresh potatoes, apples, mandarin oranges, sour cream, onions, cereal and dates for families in need at the Food Bank.
