Presentation

Darlene McManus, Twilight Rotary member and the Rotary student advisor to the High School Interact Club, gave a presentation on the mission and activities of the Brighton High School Club. Jack DeSantis, Brighton High senior and is on the Interact Club Board, was also part of the presentation and answered questions about his experience as part of the Interact Club.

The Interact Club consists of over 100 students who are committed to doing a variety of service projects throughout the community. Darlene highlighted just a few. The club created thank-you cards for military vets, hosted a Christmas party for foreign exchange students, provided various support projects for

Unified students at the high school, they recognized a high school staff member each month as part of staff appreciation, and helped distribute hygiene kits for needy families at a recent community event.

The club is always looking for volunteer opportunities. If you are having a community event or project and could use high school student volunteers, contact Darlene or Dave Pruneau.

Melanie's Joke Corner.

Studies show that cows produce more milk when the farmer talks to them. It's a case of in one ear out the *udder*.

What do you call a cow with no legs? Ground Beef!

What does the mama cow say to the baby cow? It's pasture bedtime!

50/50 Drawing

The pot is up to over \$600. Still no winner this week (in spite of Nancy Johnson having two shots at it). The pot turns over, and you don't want to miss the next meeting on March 4th for your shot at the grand prize.
