

March Madness!

**Entries for March Madness close in 2 days.
If you don't have a bracket, please register now!**

[Register Here!](#)

Are you ready for March Madness?

Sanibel-Captiva Rotary Club is hosting a March Madness Fundraiser, with all proceeds to benefit the Sanibel-Captiva Rotary Trust, providing grants to deserving non-profit organizations in our community and beyond.

For a minimum donation of \$50, you can purchase a "bracket", which is one entry to select tournament winners. Brackets are available for both the Men's and Women's NCAA Basketball Tournament, with up to 10 brackets available per Tournament.

The winner for each of the Tournaments will receive a \$400 check, plus an additional \$400 will be donated in your name, to a non-profit organization of your choice!*

Please forward this email, or copy the links to invite your friends, family and college alumni to play! You do not need to be a member of Rotary to enter or donate. Participation is open to anyone age 21 or older.

Deadline to enter is Thursday, March 20th at 12:00pm EDT for the Men's Tournament and Friday, March 21st at 11:30am EDT for the Women's Tournament.

Watch the games and cheer on your teams from March 20 to April 7!
Winners of the Sanibel-Captiva Rotary Club March Madness Fundraiser will be announced Friday, April 11.
Don't miss the deadline!
Good luck, have fun, and thank you for your support!

Questions? Contact Senior Bracketologist and Rotarian, Paul Tritaik at pr@tritai.com or 239-309-5728.

*The non-profit group selected should be a 501(c)3 organization supporting one of the Rotary's Seven Areas of Focus, which include promoting peace, fighting disease, providing clean water/sanitation/hygiene, saving mothers and children, supporting education, growing local economies, and protecting the environment.

Wheels for Wheels

April 5, 2025

Sanibel-Captiva Rotarian John Danner created the Wheels 4 Wheels fundraiser in honor of his father, Rev. Howard S. Danner, Jr, a Pastor and College Professor, who was struck by a drunk driver while biking and was paralyzed from the waist down, leaving him in a wheelchair for his remaining 17 years.

On John's 60th birthday, he rode his bike from just north of Fort Lauderdale to Key West, a total of 190 miles as a fundraiser for wheelchairs. He was calling it Wheels for Wheels/60 for 60. His goal was to raise enough money to purchase 60 wheelchairs. He ended up raising an incredible \$22,000 by himself, and helped distribute over 200 wheelchairs in Trinidad later that year. The next year, in 2020 pre-COVID, Danner wanted to ride his bike once again as a fundraiser, a cause Rotary contributes to annually, and include Rotarians in the fundraiser. It was named the "Howard S. Danner, Jr. Wheels for Wheels Cycling Challenge". A generous \$26,000 was raised in the first year of this cycling fundraiser. This allowed for the purchase and delivery of over 250 wheelchairs to Barbados and Trinidad. This year will be the 6th year of this event. Over the past five Wheels for Wheels events, over \$132,000 was raised by the riders and their sponsors, which enabled the Wheelchair Foundation to purchase more than 1,400 wheelchairs for distribution to those who cannot afford one. "Our last Wheels for Wheels event resulted in 280 wheelchairs being delivered to Belize. Those of us who were part of the trip and the distribution saw life after life being transformed almost instantly by the mobility made possible by their new wheelchair. We hope to raise \$35,000 this year. Personally, I am so grateful for this chance to honor my Dad's memory. His life was made so much better by his wheelchair, and it is wonderful seeing so many others experience the same." said Rotarian John Danner, creator of the Wheels for Wheels Cycling Challenge.

The Wheelchair Foundation is a nonprofit organization leading an international effort to create awareness of the needs and abilities of people with physical disabilities, to promote the joy of giving, create global friendship, and to deliver a wheelchair to every child, teen, and adult in the world who needs one, but cannot afford one. For those people, the Sanibel Captiva Rotary Club and Wheelchair Foundation delivers hope, mobility and independence to many.

**This week we will hear from
Jarrod Demming,
Director of Career Services
Fort Myers Technical College**

Jarrod Demming is the Director of Career Services at Fort Myers Technical College. Demming is a dedicated professional in the Education Sector, with experience at both the secondary and post-secondary levels as a Career Educator, Teacher, I.T. Specialist, Project Manager, and Mentor. He is committed to guiding individuals toward impactful career opportunities across a wide spectrum of trades, from construction to healthcare, and within both the public and private sectors.

Our regular weekly club meetings are at 8:00am, doors open at 7:30am. Our meeting will take place at

The Community House, 2173 Periwinkle Way, Sanibel!

Meetings will also continue to be available by zoom for those unable to physically attend.
Here is the link to connect to zoom: <https://us02web.zoom.us/j/>

88513773856
Here is the number to connect by phone: (646) 931-3860
Meeting ID: 885 1377 3856
Passcode: 955563

See you Friday morning!

In case you missed it!

Upcoming Events!

****March Madness Fundraiser
Brackets for Men's and Women's NCAA Tournaments:
Email invitation to follow**

**Deadline to purchase brackets is:
Thursday, March 20th at 12:00pm EDT for the Men's Tournament
and Friday, March 21st at 11:30am EDT for the Women's Tournament**

Rotary March Theme

What Is your Rotary Club doing to focus on Water, Sanitation and Hygiene in March 2022? Clean water, sanitation and good hygiene is a human right. When people, especially children, have access to clean water, sanitation, and hygiene, they lead healthier and more successful lives. We don't just build wells and walk away. Rotary members integrate water, sanitation, and hygiene into education projects. When children learn about disease transmission and practice good hygiene, they miss less school. And they can take those lessons home to their families, expanding our impact.

Clean water is a basic human right that many are often denied. There are 2.5 billion people in the world that lack access to improved sanitation and 748 million people that don't have clean drinking water. Nearly 1400 children die each day from diseases caused by lack of sanitation and unsafe water. When people have access to clean water, they live healthier and more productive lives.

In 2015, the United Nations introduced their new Sustainable Development Goals (SDGs) to end poverty and promote prosperity while protecting the environment and addressing climate change. Sustainable Development Goal (SDG) 6 on water and sanitation encourages us to address universal access to drinking water and sanitation along with improved water management to protect ecosystems and build resiliency. * Rotary members are committed to reaching the water and sanitation SDG through projects like building wells, installing rainwater harvesting systems, and teaching community members how to maintain new infrastructure. During March, Rotary Water, Sanitation and Hygiene Month, we're celebrating our commitment to create healthier communities by supplying clean water and sanitation facilities to prevent the spread of infectious diseases. Here are just a few examples of club service projects around the world that are creating a lasting impact:

- The Rotary Club of Morning Tide Bugolobi together with Hamilton Rotary Club and all other Rotary and Interact clubs in Bermuda (D7230) are the international partners. The project consists of a water catchment to provide clean water for the residents of, Rwempungu, Mitoma District in rural western Uganda (640km West of Kampala).
- The Rotary Club of Utumishi in Kenya together with 11 Rotary clubs in D7230, undertook a project to provide natural filtration to the water of 26 springs, impacting more than 1500 families.

HOW ROTARY MAKES HELP HAPPEN Rotary has issued a global challenge to its members, asking them to work collectively to improve education quality and access — particularly for girls — by working with communities to improve teacher training, curriculum, and water, sanitation, and hygiene facilities.

ROTARY'S TARGET CHALLENGE to develop sustainable water, sanitation, hygiene (WASH), and education projects is being piloted in five countries: Belize, Guatemala, Honduras, India, and Kenya. **ROTARY HAS PARTNERED WITH THE U.S. AGENCY FOR INTERNATIONAL DEVELOPMENT** to implement sustainable, long-term projects to improve water supply, sanitation, and hygiene in the Dominican Republic, Ghana, and the Philippines.

Rotary makes amazing things happen, like:

- Strengthen the ability of communities to develop, fund, and maintain sustainable water and sanitation systems.
- Provide equitable community access to safe water, improved sanitation, and hygiene.
- Support programs that enhance communities' awareness of the benefits of safe water, sanitation, and hygiene.
- Support career-minded professionals' studies related to water and sanitation.
- Create tools and resources that facilitate, measure, and enhance high-quality water and sanitation projects worldwide.
- \$ 24 - is all it takes to provide one person with safe water
- 23 million people now have safe water because of Rotary
- 21 million people have access to sanitation and hygiene thanks to Rotary projects
- 2030 is the year Rotary hopes to finish providing everyone with safe water, sanitation, and hygiene
- [Join Rotary](#) and help extend the flow of clean water to everyone.
- [Give now](#) to support a water project.
