President's Message

Hello Oceansiders!

Dad joke of the day: Why should you never iron a four leaf clover? Because you don't want to press your luck.

The TPC wraps up today. It's a harbinger of spring, end of the school year approaching, St. Patrick's Day, and the final quarter of this rotary year looming in the near future. While New Year's Day is a day for new beginnings (many of which fall to the wayside when we realize our resolutions were unreasonable), spring seems to elicit a different view on new beginnings. Cherry Blossoms in DC, flowers blooming and all kinds of wildlife being born! Cheers to spring!

NEXT MEETING: THIS WEEK: March 18, 2025.

Yours in Service,

Rebekah

This Week's Speaker: Dale Moe

Dale Moe joined the Rotary Club of North Jacksonville in 2017 and served as President (2019-2020). He also served as District Rotaract Co-Chair (2017-2021). Dale's passion for Rotary and his community continued to flourish as he saw a need to introduce the underserved communities of Northwest Jacksonville to the positive transformational power of Rotary. He became the Charter President of the Rotary Club of Northwest Jacksonville (2021-2022). He also became a RLI course facilitator in 2022. Dale is a Paul Harris Fellow.

Dale is a retired U.S. Navy Chief Petty Officer that served our nation for 21 years with pride and honor and now calls the First Coast home. After retirement he held supervisory positions as a government contractor and then transitioned into being a realtor. He initially focused on residential sales, and currently is solely a commercial realtor.

In addition to his Rotary involvement, Dale sits on the Board of Directors for the National POW/MIA Memorial at Cecil Field, he is a Sunday school teacher and Deacon a Julington Baptist Church. He serves on the PTA for Northwest Legends Elementary School. Dale is also a member of the Rotary Action Group: Community Economic Development.

Campus cleanup at Mayport Middle School 3/29/25

We've been asked to help clean and beautify the campus of Mayport Coastal Science Middle School by painting the pillars, cutting hedges and probably updating and beautifying the raised gardens we installed two years ago for the school. This is a Saturday. We'll probably work the morning hours from 9 to 11 or 12.
