President's Quarterly Letter: July-September 2022

By Sonja Lorraine Jones on Saturday, September 3, 2022

Welcome to the Rotary Club of East Arlington's 2021-2022 year.

I am thrilled to have the opportunity to serve as this year's Club President, to work with our club's community and business leaders to bring to life our collective vision. Our goals center around fellowship with like-minded people and a dedication to service in the Arlington community. We will be incorporating best practices learned from the successful industry leaders who presented at the Rotary Leadership Institute and District Conferences, and the feedback from our Club's leaders who participated in the District's Membership Survey. After facilitating brainstorming sessions and focus group meetings to bring all of this knowledge together, this year's initiatives and implementation steps were formed. I know you're ready for an exciting year! This year we will

- Increase the use of electronic tools to update our presence and skills. We will implement repeatable processes and procedures to firm our club's foundation and make it easier to transition new leaders into their roles each year and to communicate better with all members.
- Create a year-long calendar in DACdb that can be used as a guide for future years and to help us stay on plan.
- Create project manager roles so to fill in the gaps of committee chairs who have noted time constraints.
- Create and implement a 3 strategic plan that will lead to membership growth.
- Build our public image by creating relationships in Arlington area schools and businesses by providing services that the local community cares about and sharing event and Rotary information in our media.

Let's make this year successful for the community and the Rotary Club of East Arlington, your club! We are doing a fantastic job supporting our community and through building a foundation and focusing on membership growth, we can do even more. Keep up the good work, team! Thank you for all you do!
