55% Towards Our Fundraising Goal: Earthquake Relief for Rural Moroccan Youth!

On September 8, 2023, at 23:11 DST, a powerful earthquake with a **moment magnitude of 6.9** and a **maximum Mercalli intensity of IX** struck Morocco's Al Haouz Province. The epicenter was located 73.4 km southwest of Marrakesh, near the town of Ighil and the Oukaimeden ski resort in the Atlas Mountains. **This devastating event left entire communities in ruins and countless lives shattered, especially in the rural areas hardest hit.**

Our Rotary club has taken on the mission of providing hope and relief to these young survivors. We are currently raising funds for our Earthquake Relief for Rural Moroccan Youth project, part of our Rotary Service Project. Our goal is to **provide essential winter supplies—blankets, jackets, and warm socks—to at least 100 children** who are now living in **temporary tents** provided by Rotary's partner organization, ShelterBox. These children face the harsh Moroccan winter, which lasts from December to March, and we want to ensure they are prepared.

Since we began our fundraising efforts on July 23, 2024, we've made significant progress, raising \$1,913 of our \$3,500 goal. But we still need \$1,587 by September 30, 2024, to make this vision a reality.

These funds will make a tangible difference in the lives of children who have already endured so much. Imagine the warmth and comfort your donation could bring to a child facing the cold winter in a fragile tent. **Every contribution, no matter the size, brings us closer to wrapping these children in the warmth they desperately need.** We invite you to join us in this vital effort. Together, we can show these children that they are not forgotten, that even in the face of adversity, they are supported by a global community that cares.

Please consider donating today and help us achieve our goal. With your support, we can provide these children with the essentials they need to stay warm and safe this winter.
