This Weeks Speaker... Jered Yalung!!!

This week, we are pleased to welcome Jered Yalung, a dedicated healthcare professional whose work is focused on improving the lives of seniors through better medication management. Jered currently serves as Vice President of Marketing and Operations at Options for Senior America, where he combines strategic leadership with a deep passion for geriatric care.

A licensed pharmacist by training, Jered brings years of experience from the long-term care community, where he has witnessed firsthand the complex challenges aging adults face when it comes to managing medications. His presentation, *"Medication Adherence: Understanding Challenges Managing Medications as We Age,"* will explore how memory, lifestyle changes, and health complications can affect adherence—and what can be done to support our aging population more effectively.

Join us for an informative and eye-opening conversation that touches on health, aging, and the real-world impact of thoughtful medication management.
